The Coldfront

Part 1

>hey, heavy
MANNCO.

>dah?
MANN CO.

>when do you think we'll get our orders?

>well, gentlemen, its time to pack up!

>we're heading to the badlands
>whats the news?

>theres a whole lot of buisness to attend to

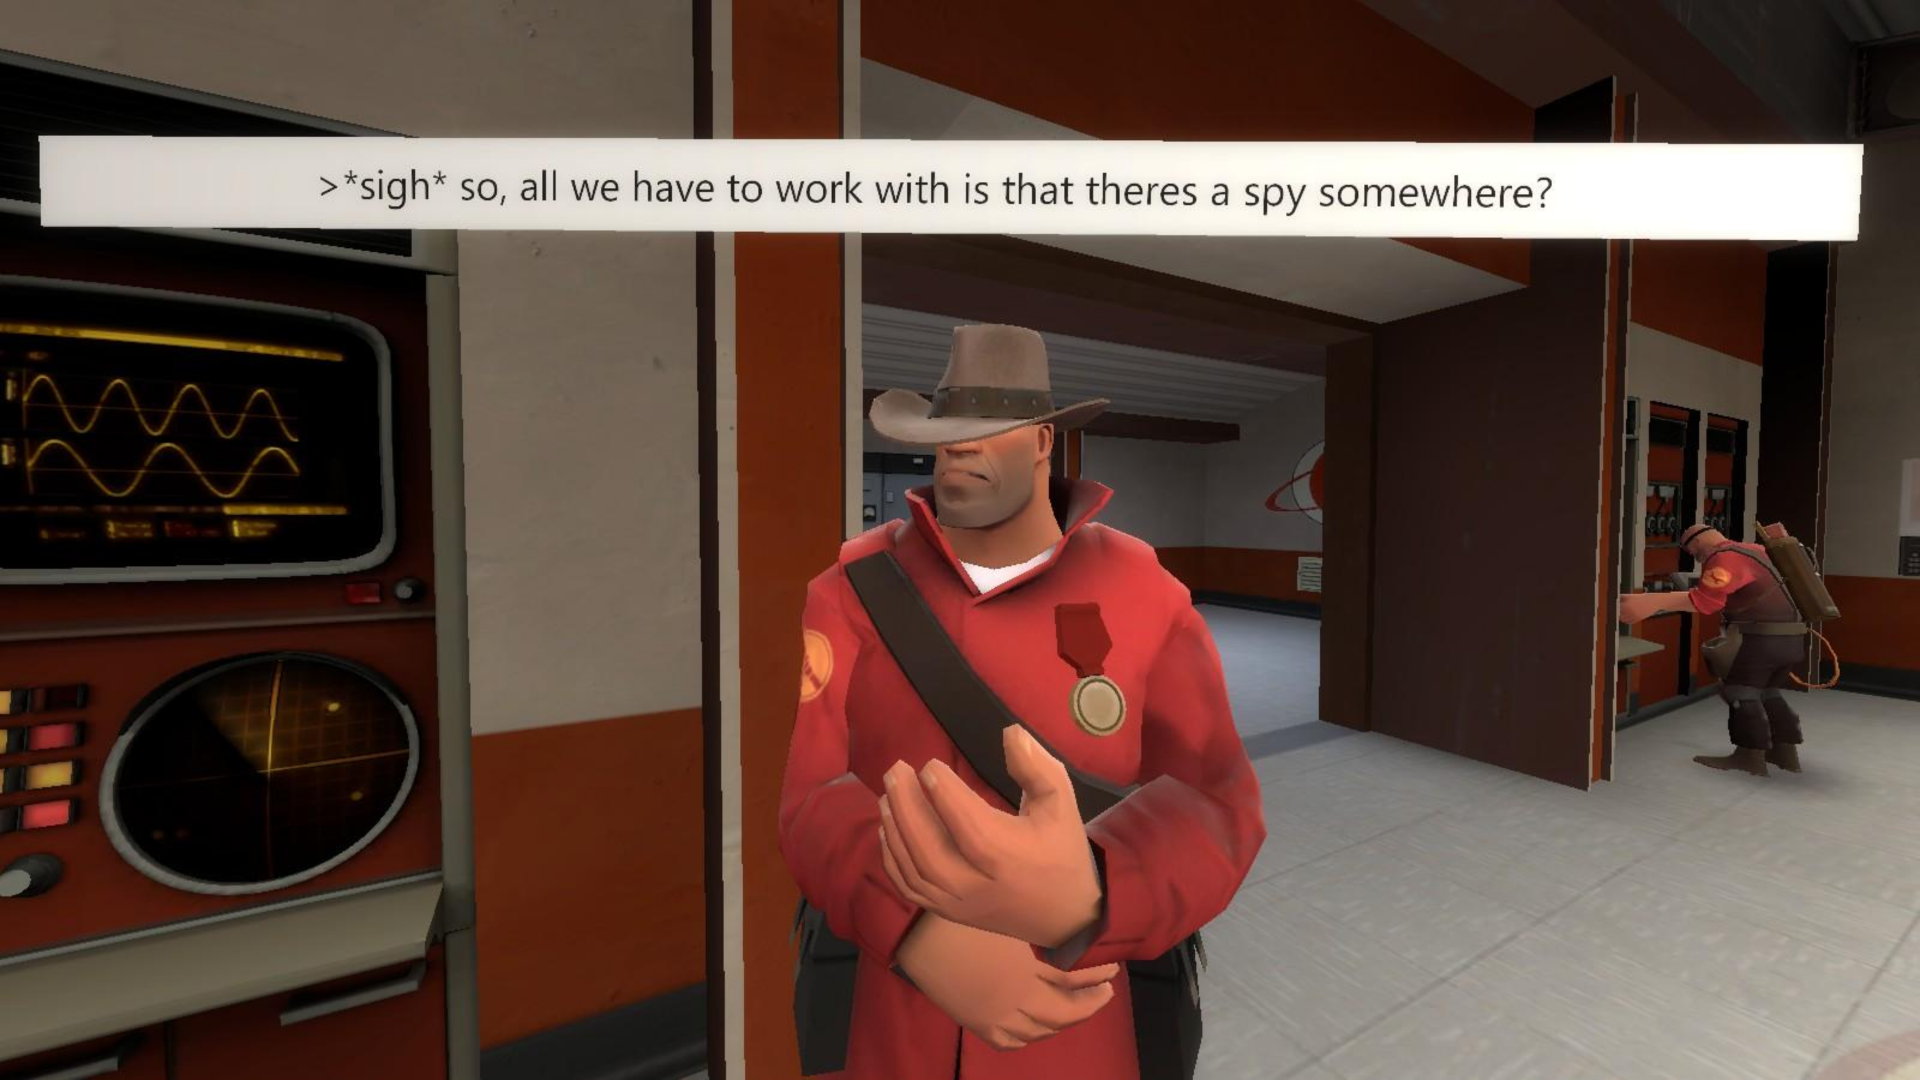
>no pressure though, jahaha...
TOP
SECRET



>*sigh* so, all we have to work with is that theres a spy somewhere?

>heavy is checking the records, and i'll be asking around
>you'll tag along with me, you're a better judge of character
>two heads are better than one

>speaking of heavy!
beep

EXIT
>you're gonna wanna see this

EXIT

>so thats what happened before the muder...

>we got some questioning to do...

Questions & Anwers

Part 3

>soldier & I will ask around for alibis
>heavy, you should search the archives for any remnants of tampering

>lets ruffle some feathers! mwuhahaha!
RESTRICTED

RESTRICTED AREA

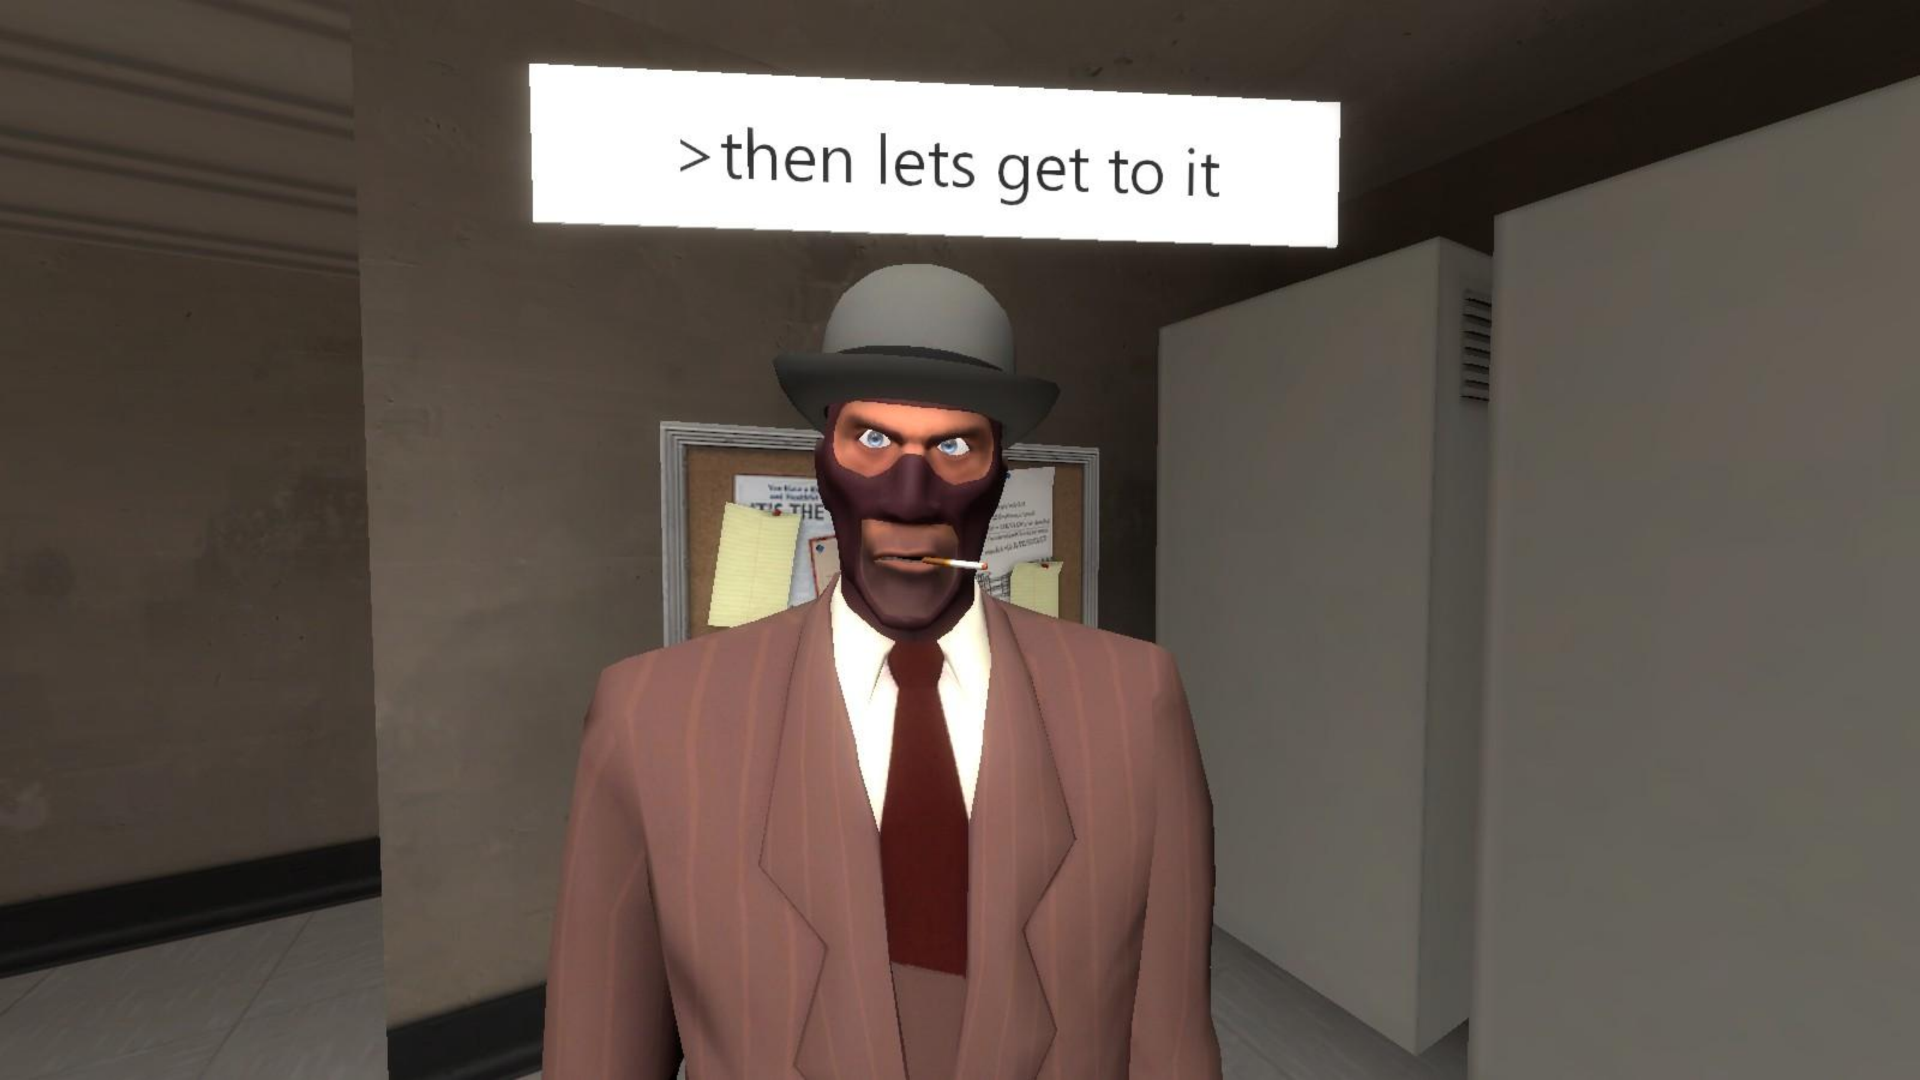
>there should still be traces of interference on the reels
>i'll also see check the log book for door keypads...



>then lets get to it

>hello there, i assume you may know why we're here?

>the spy among us?

>exacly...

>so, where were you during that night?

>tryin to fix these pipes, before the unrest

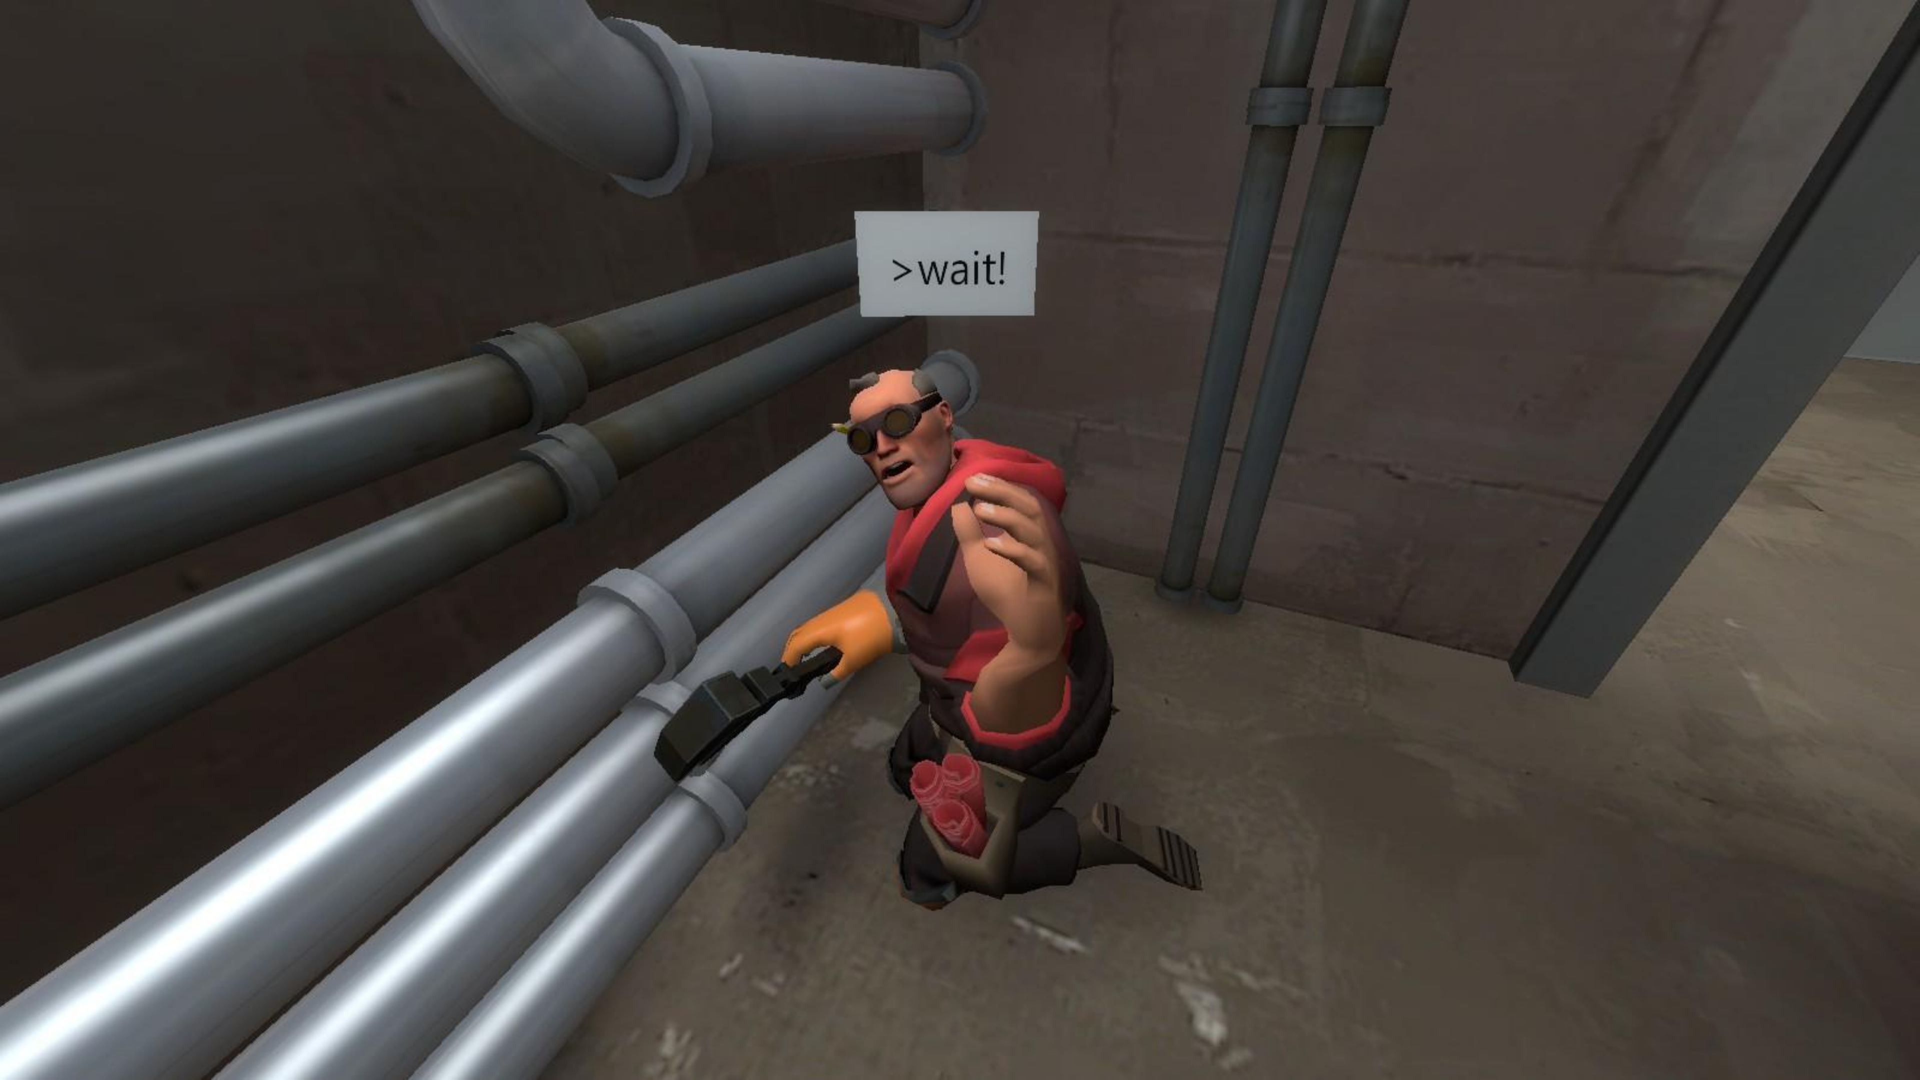
>then the poor sap got killed...

>i have nothing else i can tell you...

>hhmmm...

>records show hes legit

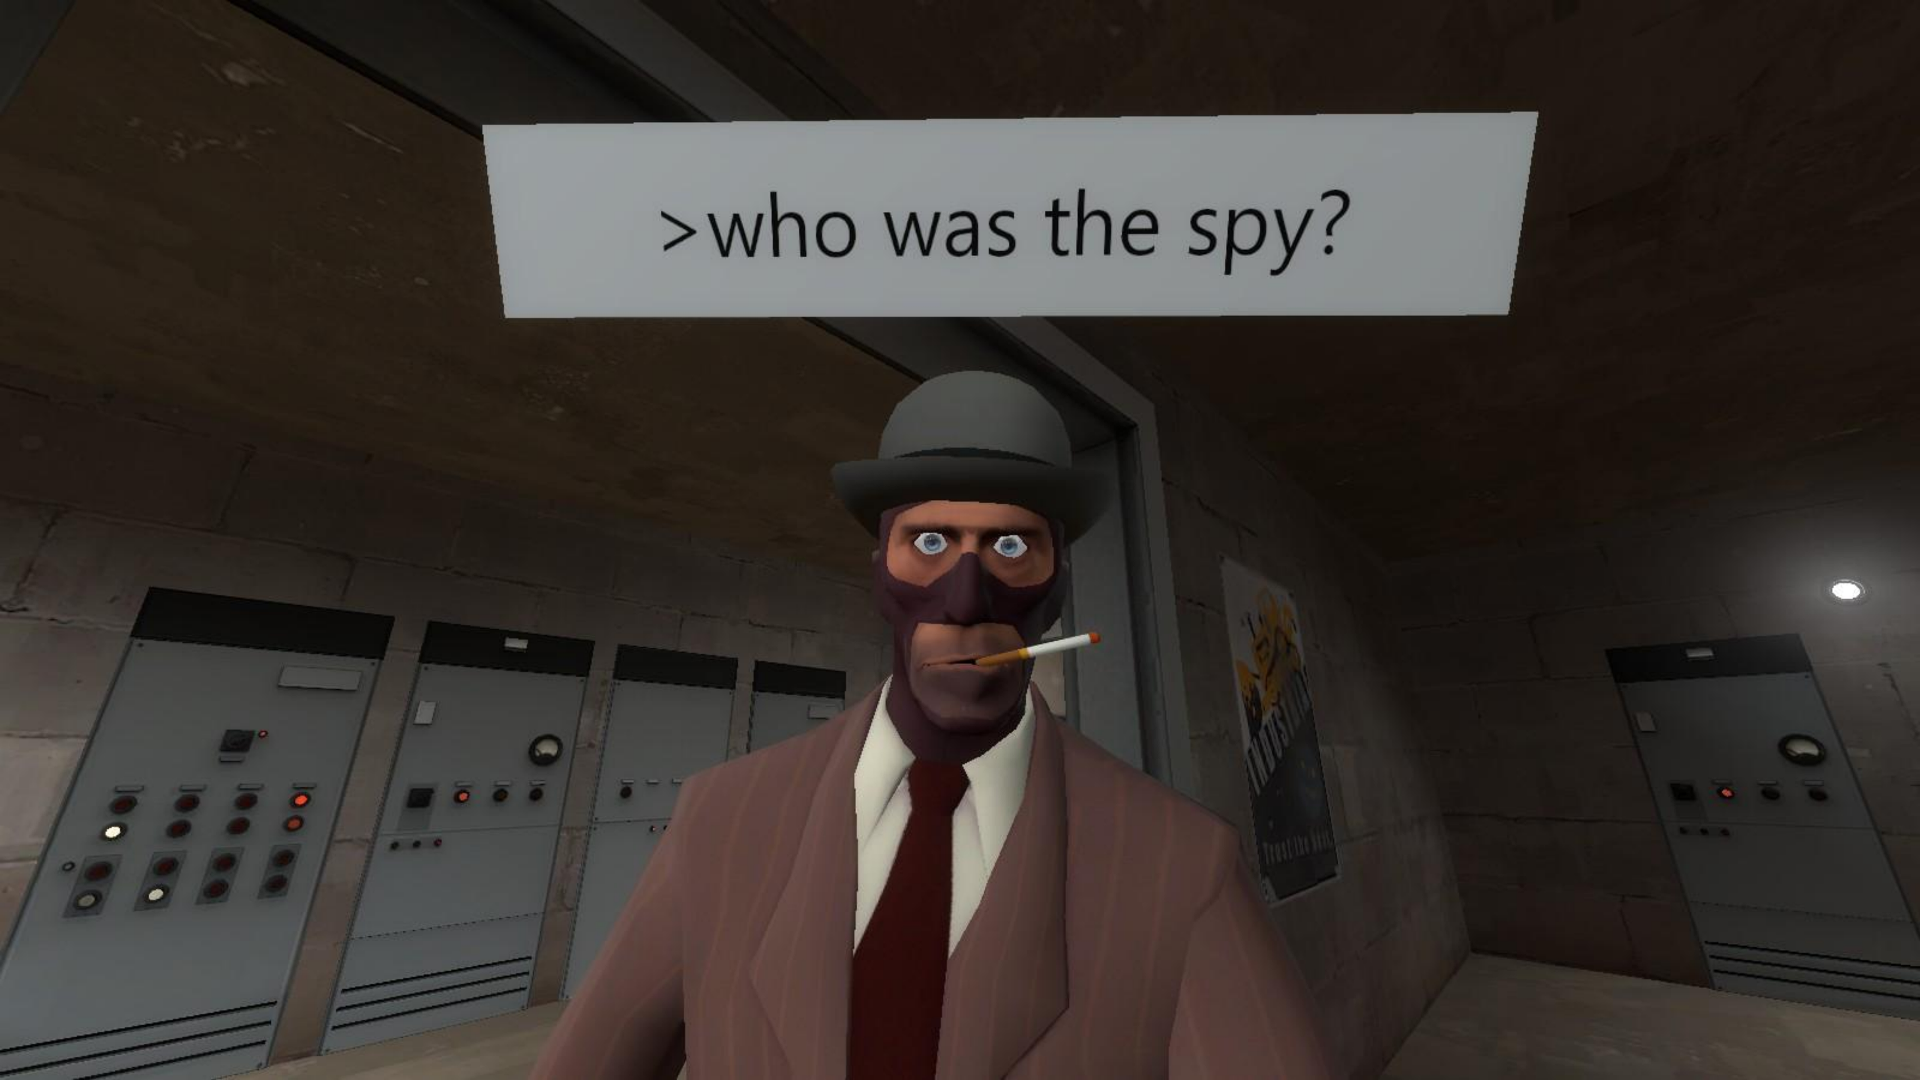
>sorry to bother you



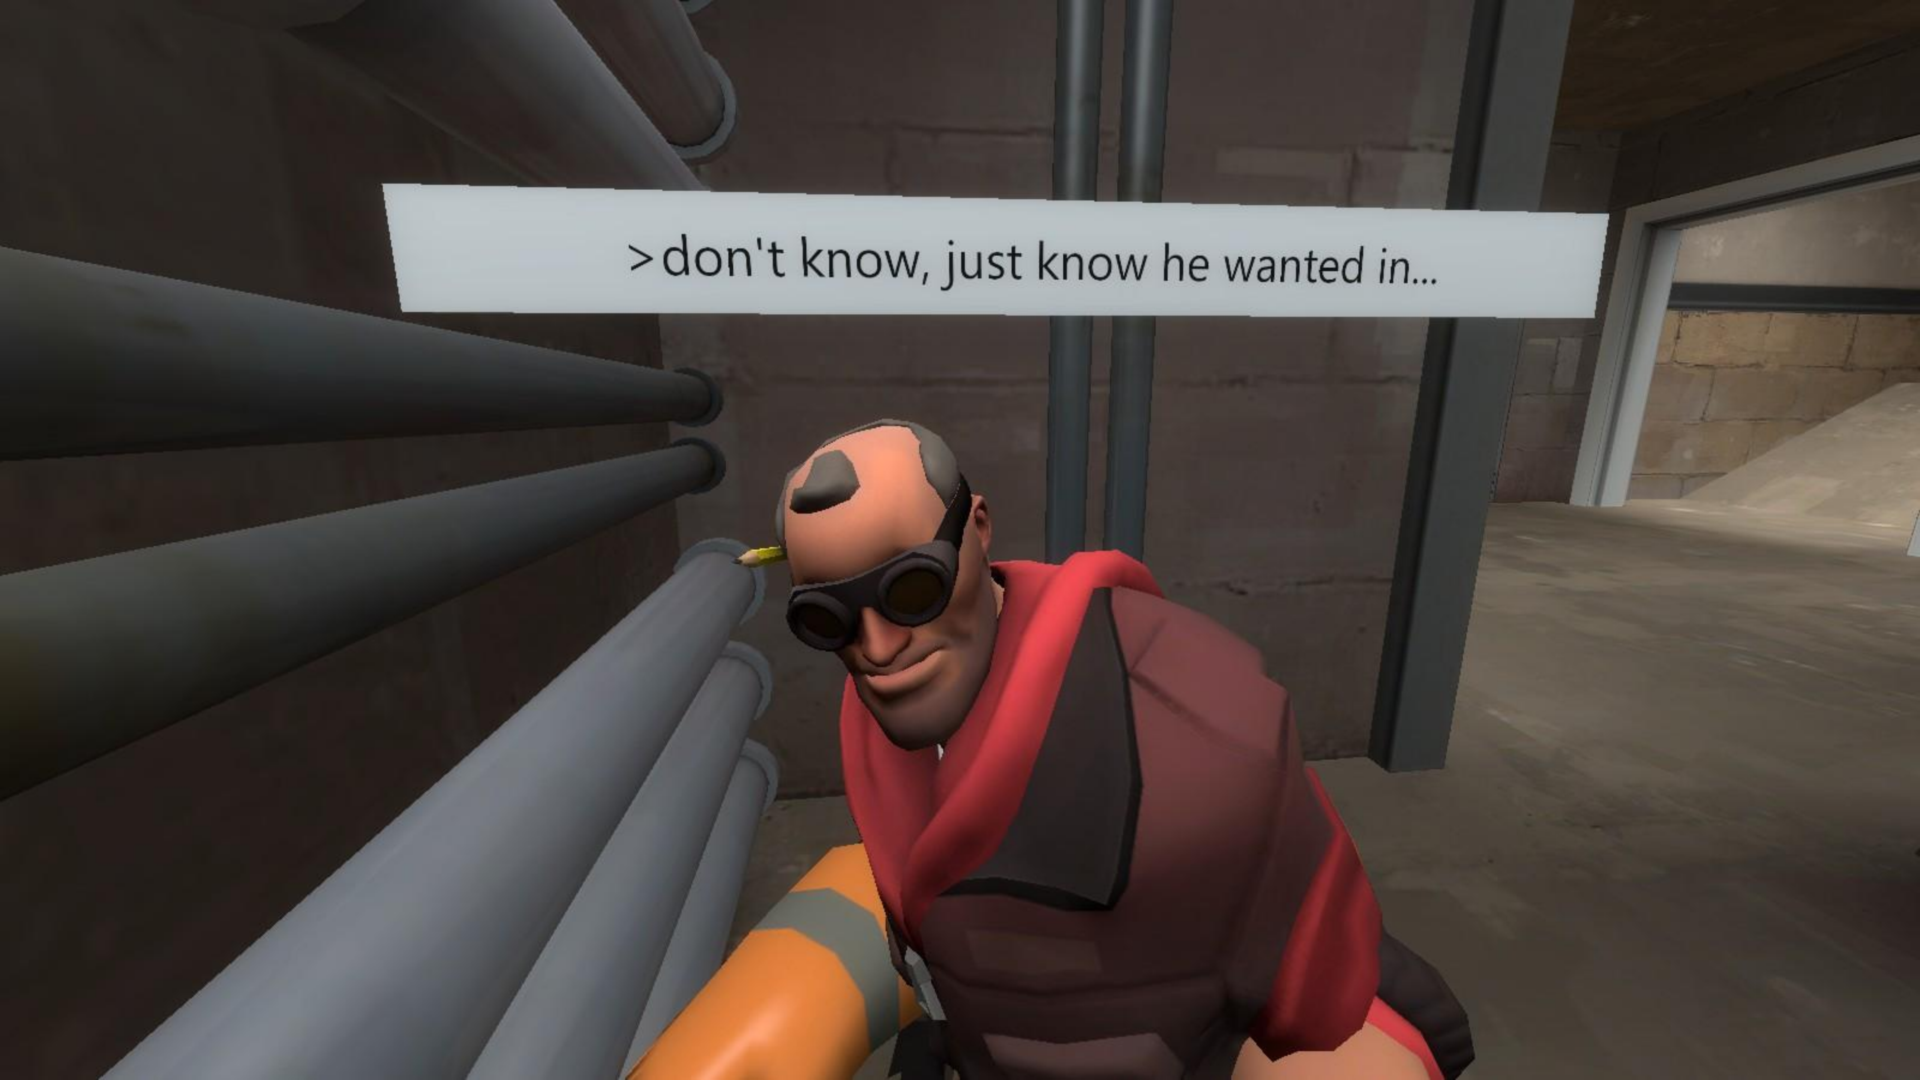
>wait!

>there was something strange...

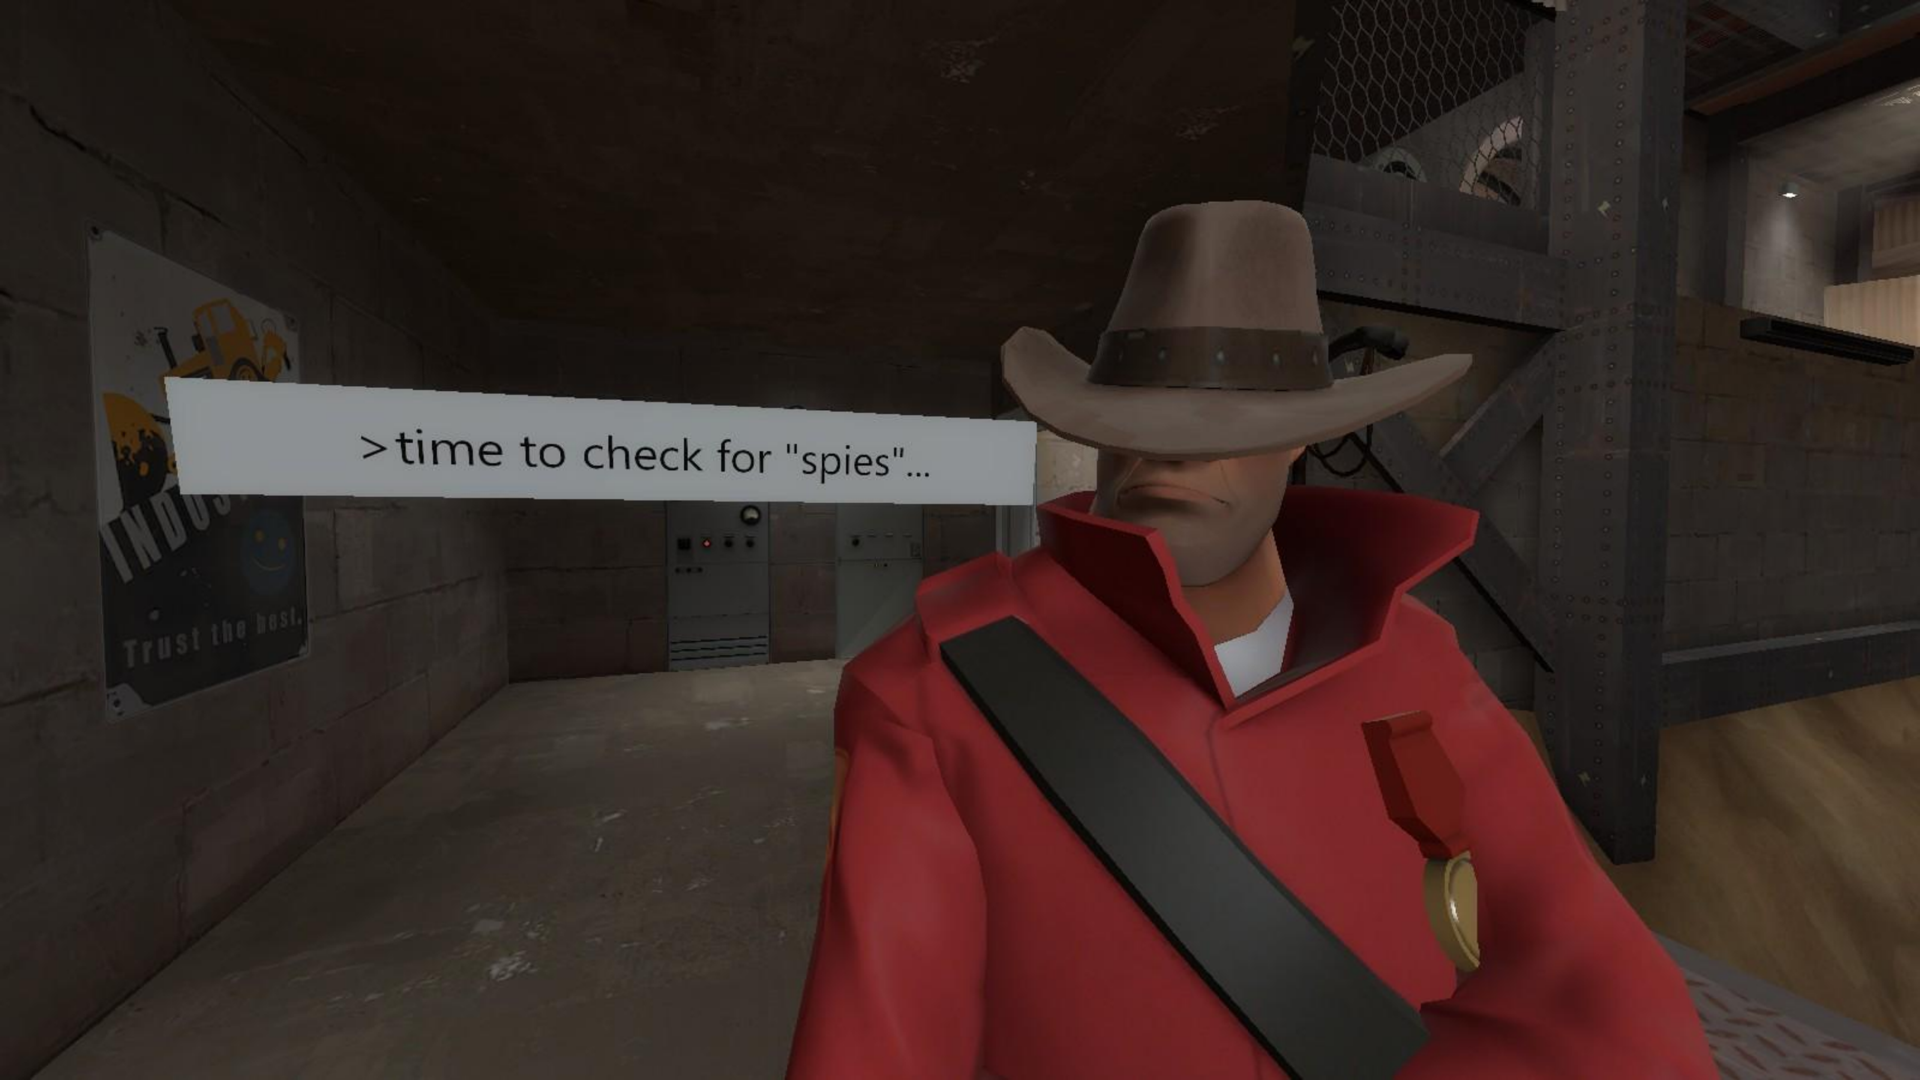
>on the coms, before the murder, a spy was asking the passcode for the info stockade



>who was the spy?

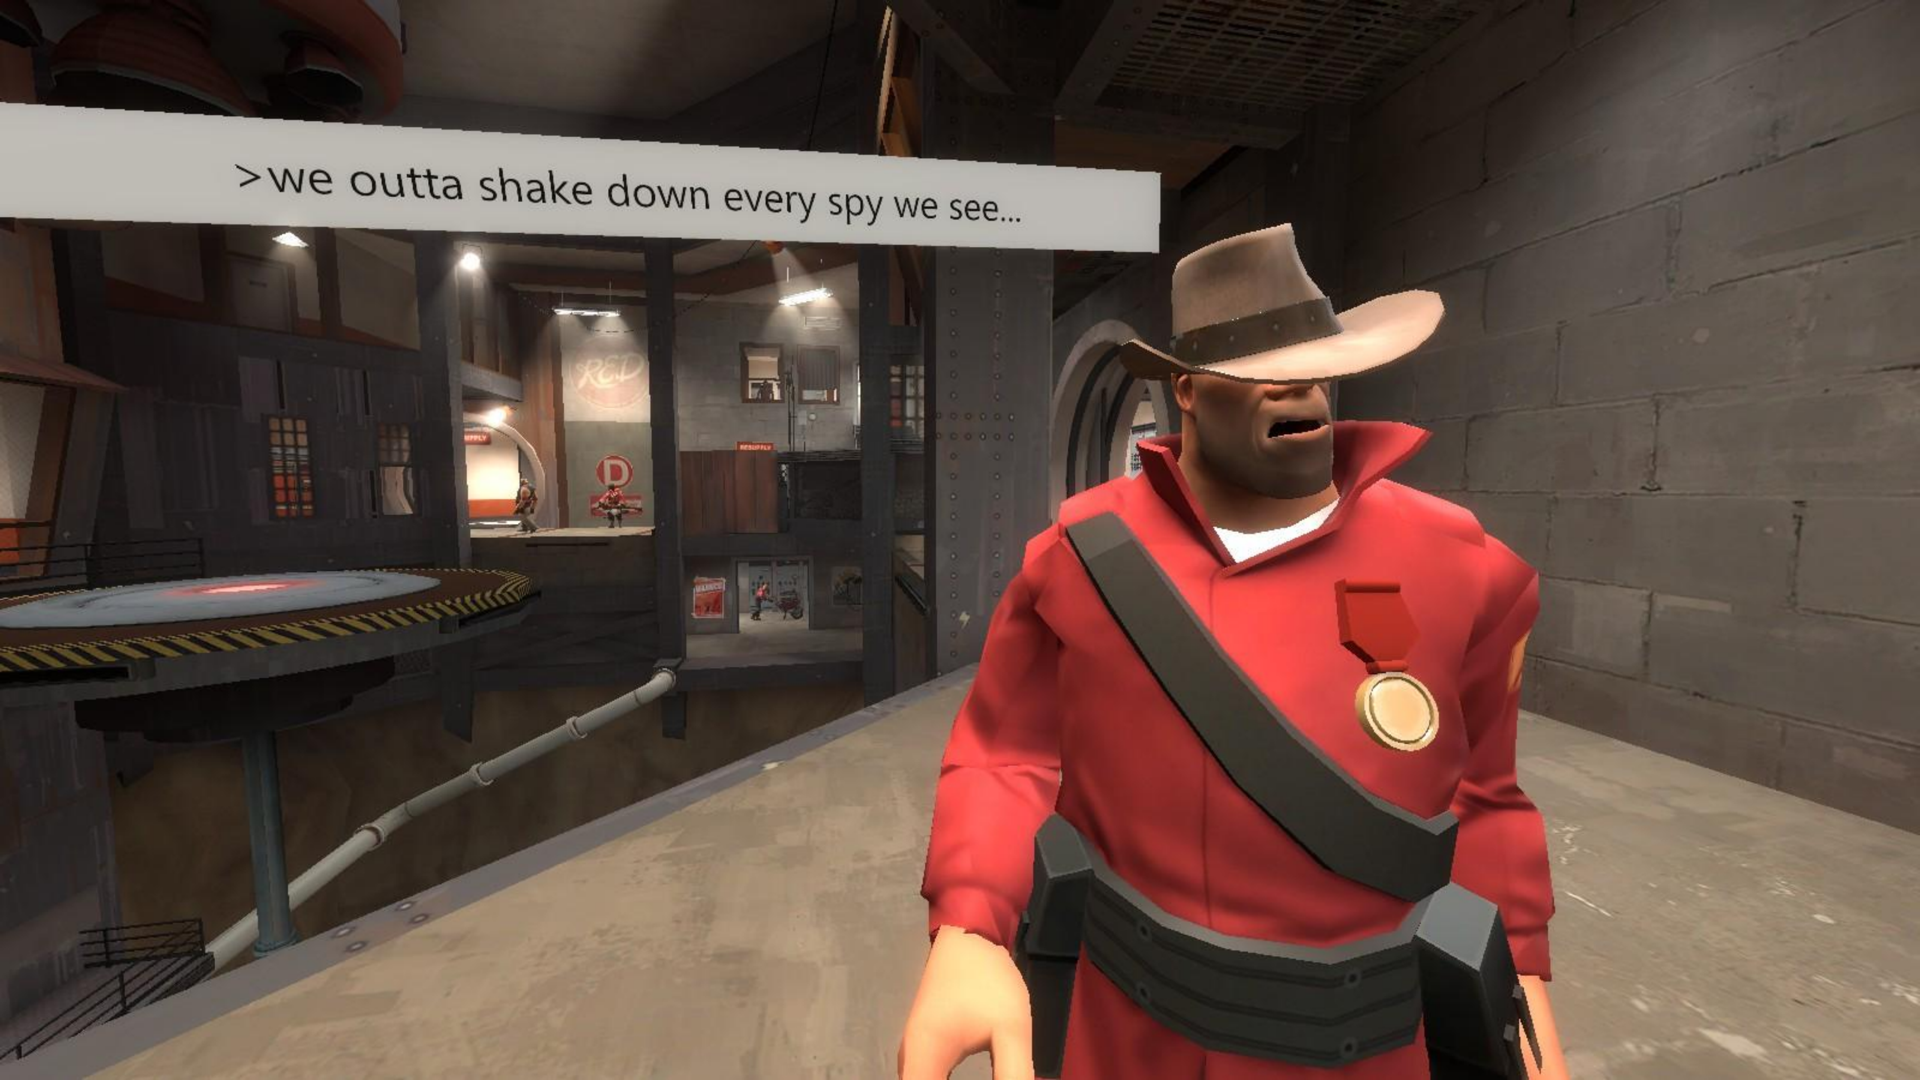


>don't know, just know he wanted in...



>time to check for "spies"...
Trust the host.

>so, a spy as a spy?
RESUPPLY



>we outta shake down every spy we see...

>speak of the devil!

Red Alert

Part 4

>heavy has just been shot!
>red alert!
>RED ALERT!

>whuh?
RESU
>ohm nyo!

TOP

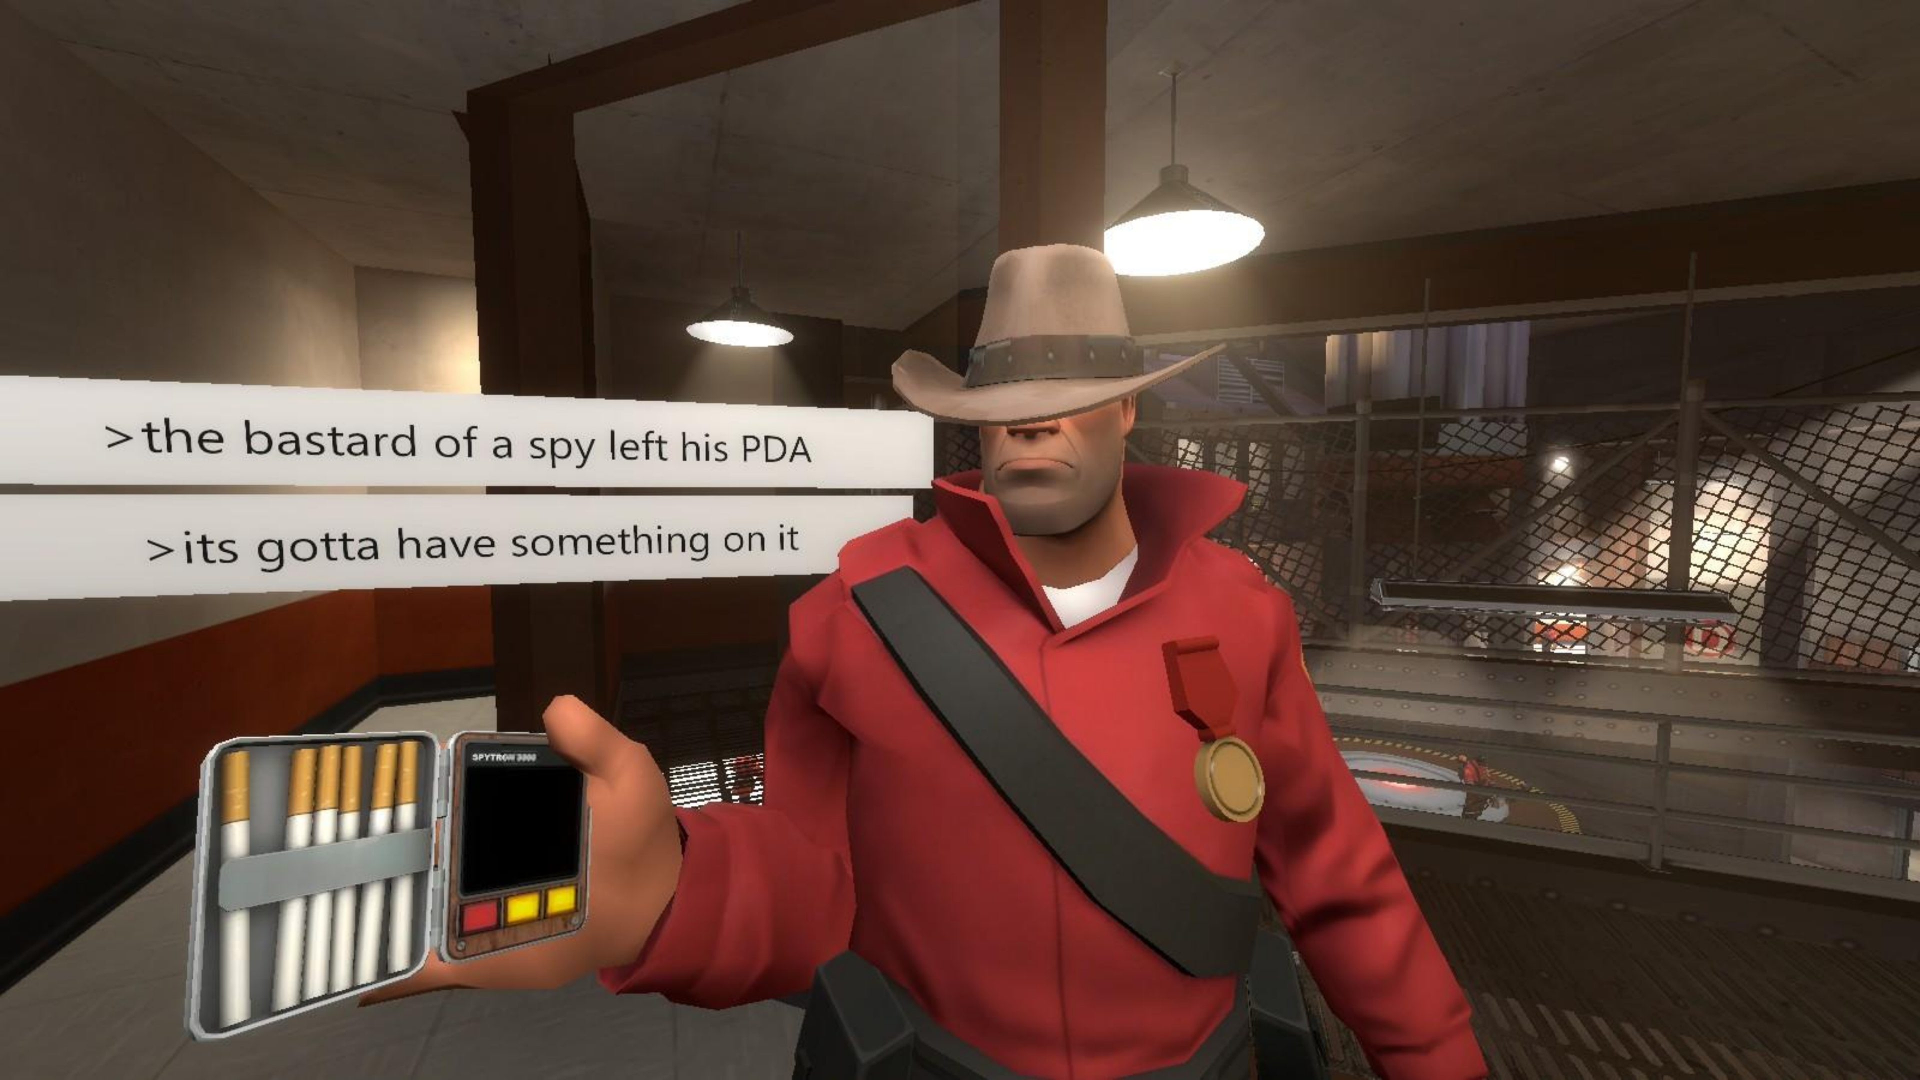
>he was shot, but he'll be fine

>he will, however, be on leave...
>what?

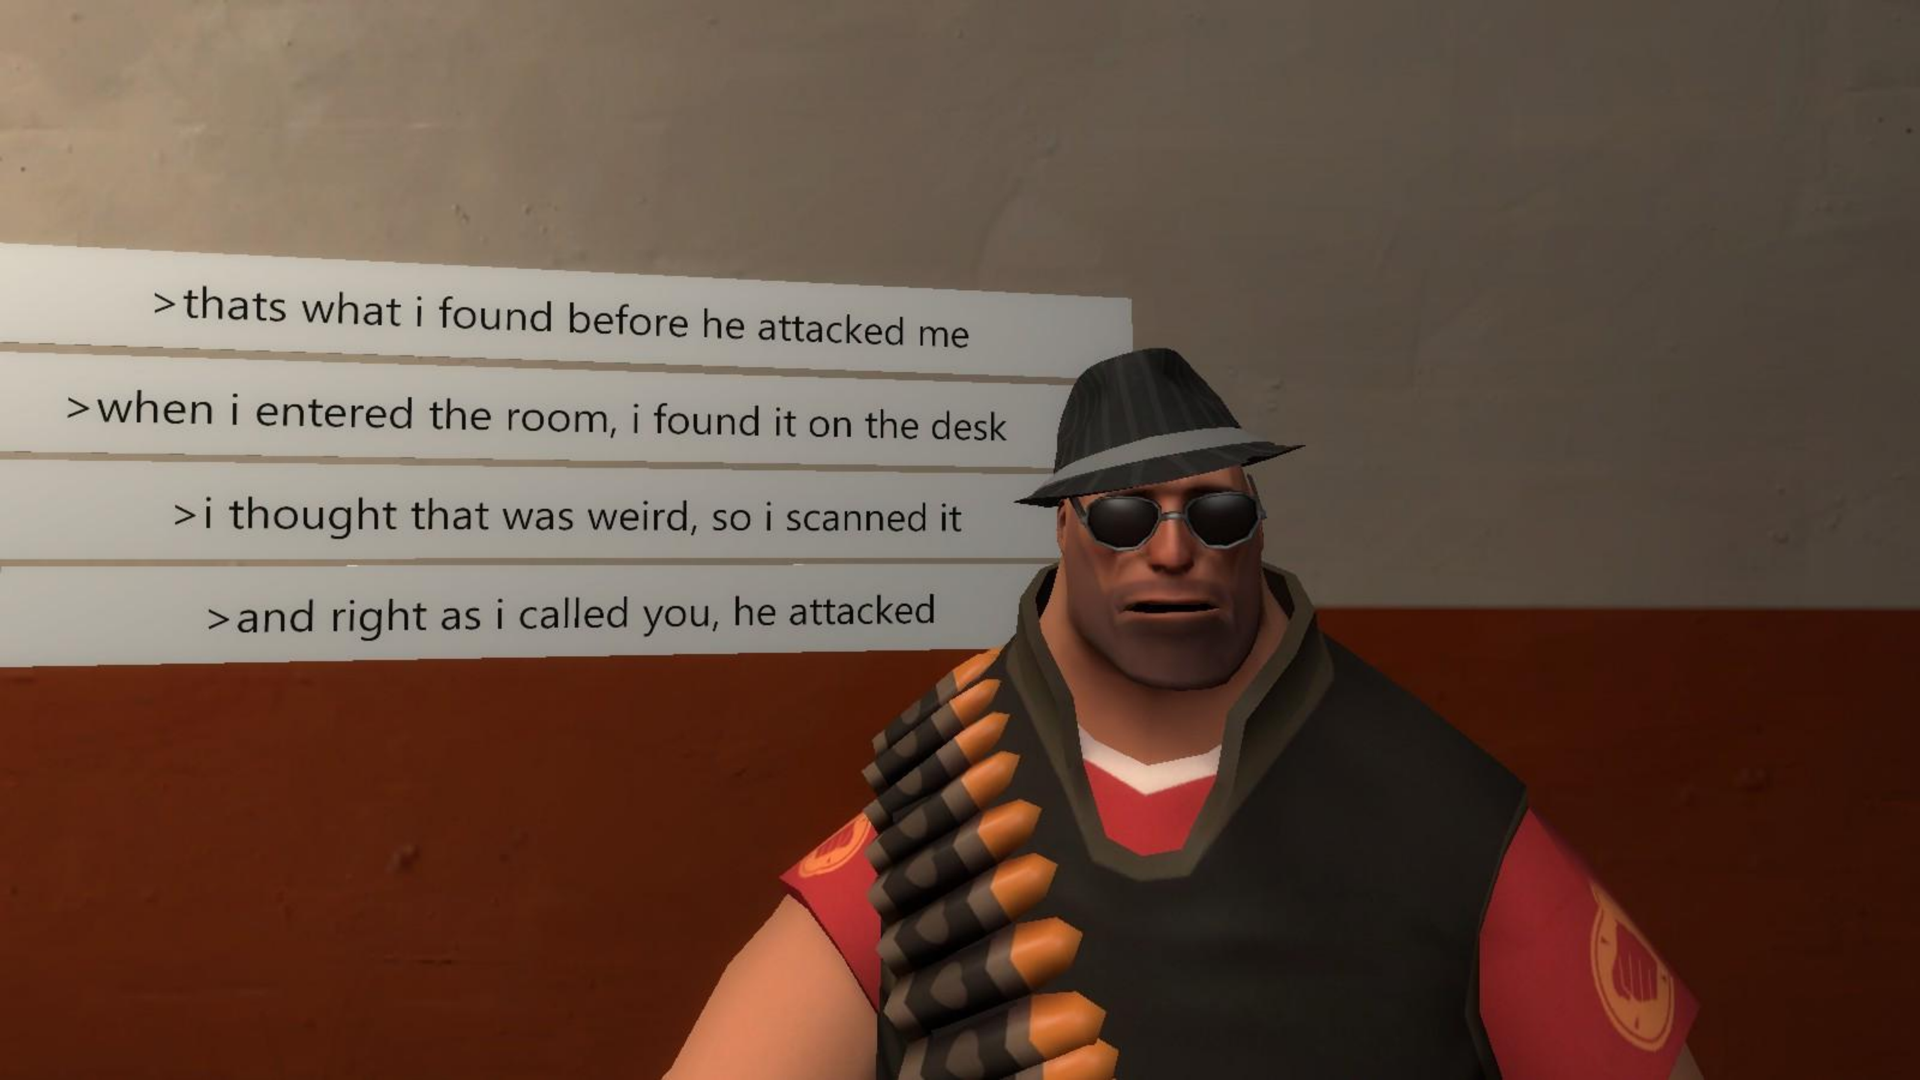
>i'm not that-

>ARNG...

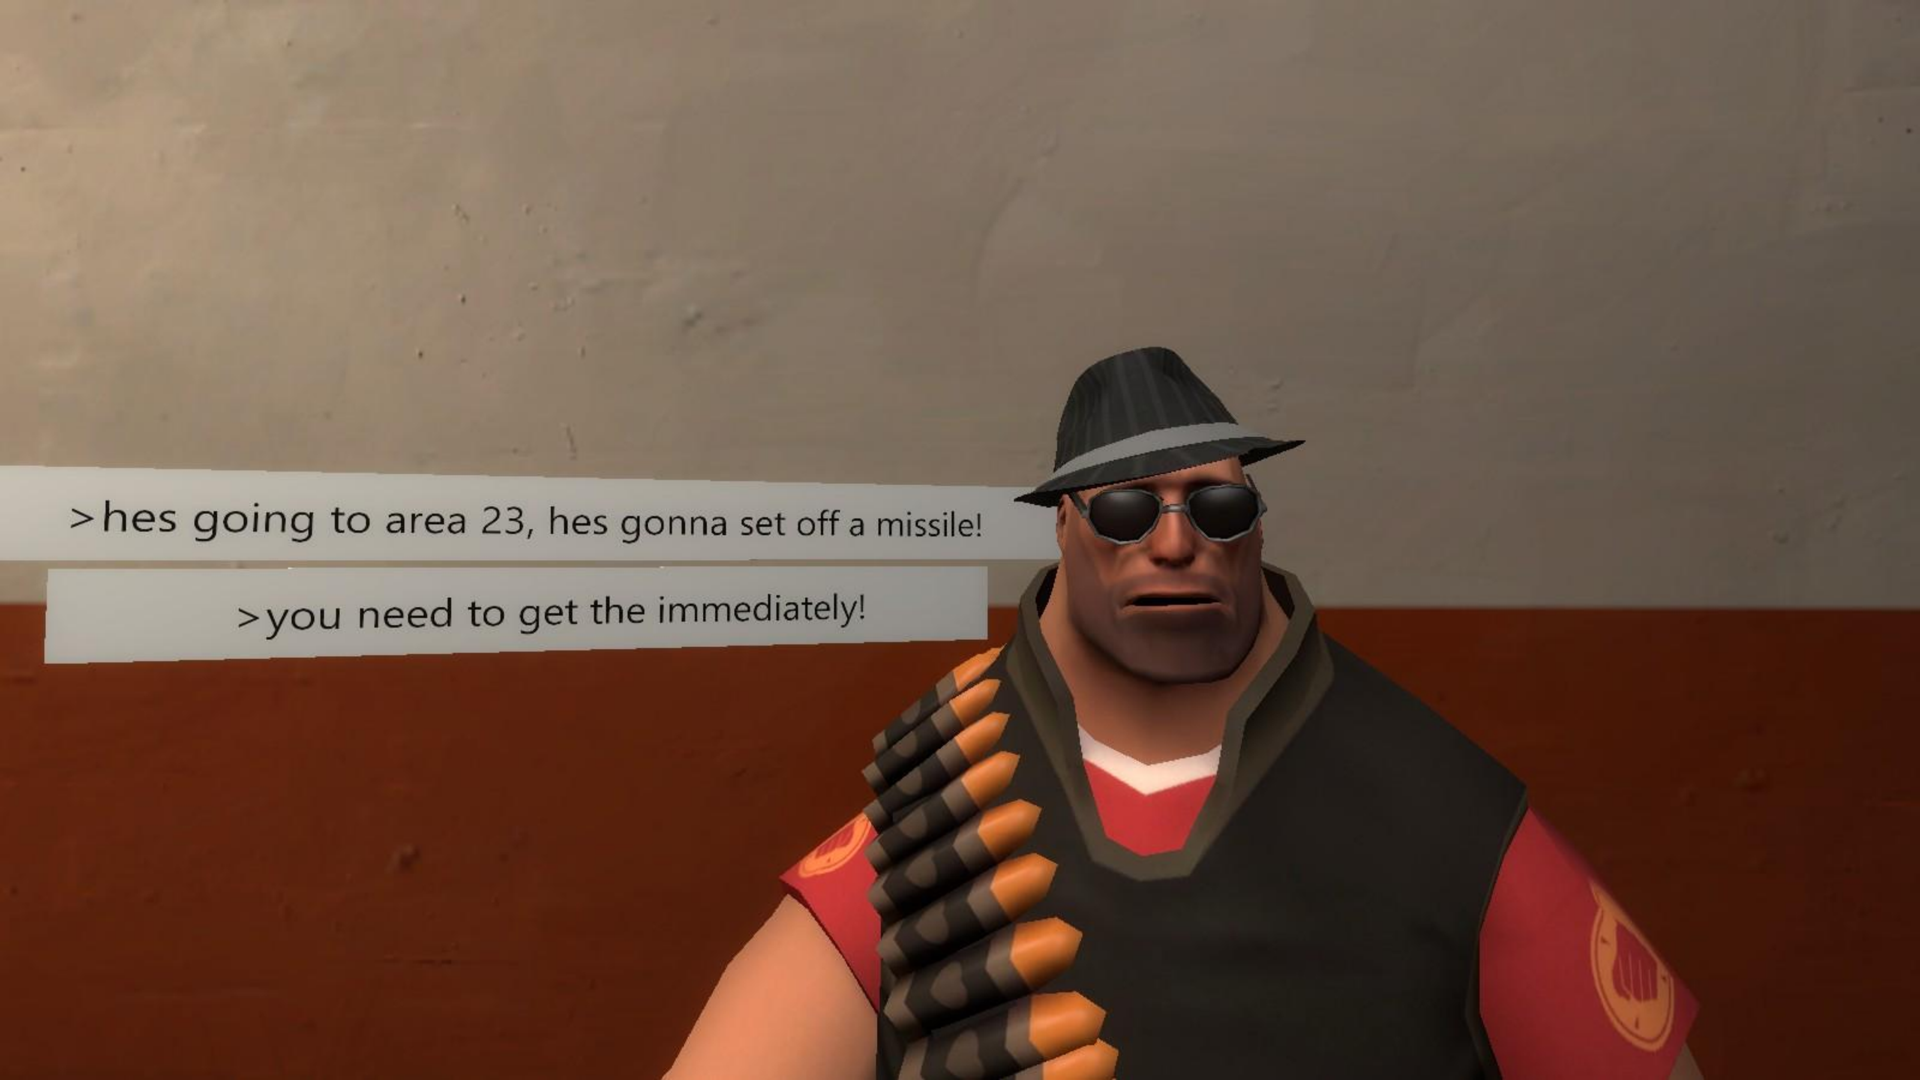
>you should get some rest
>you almost died!



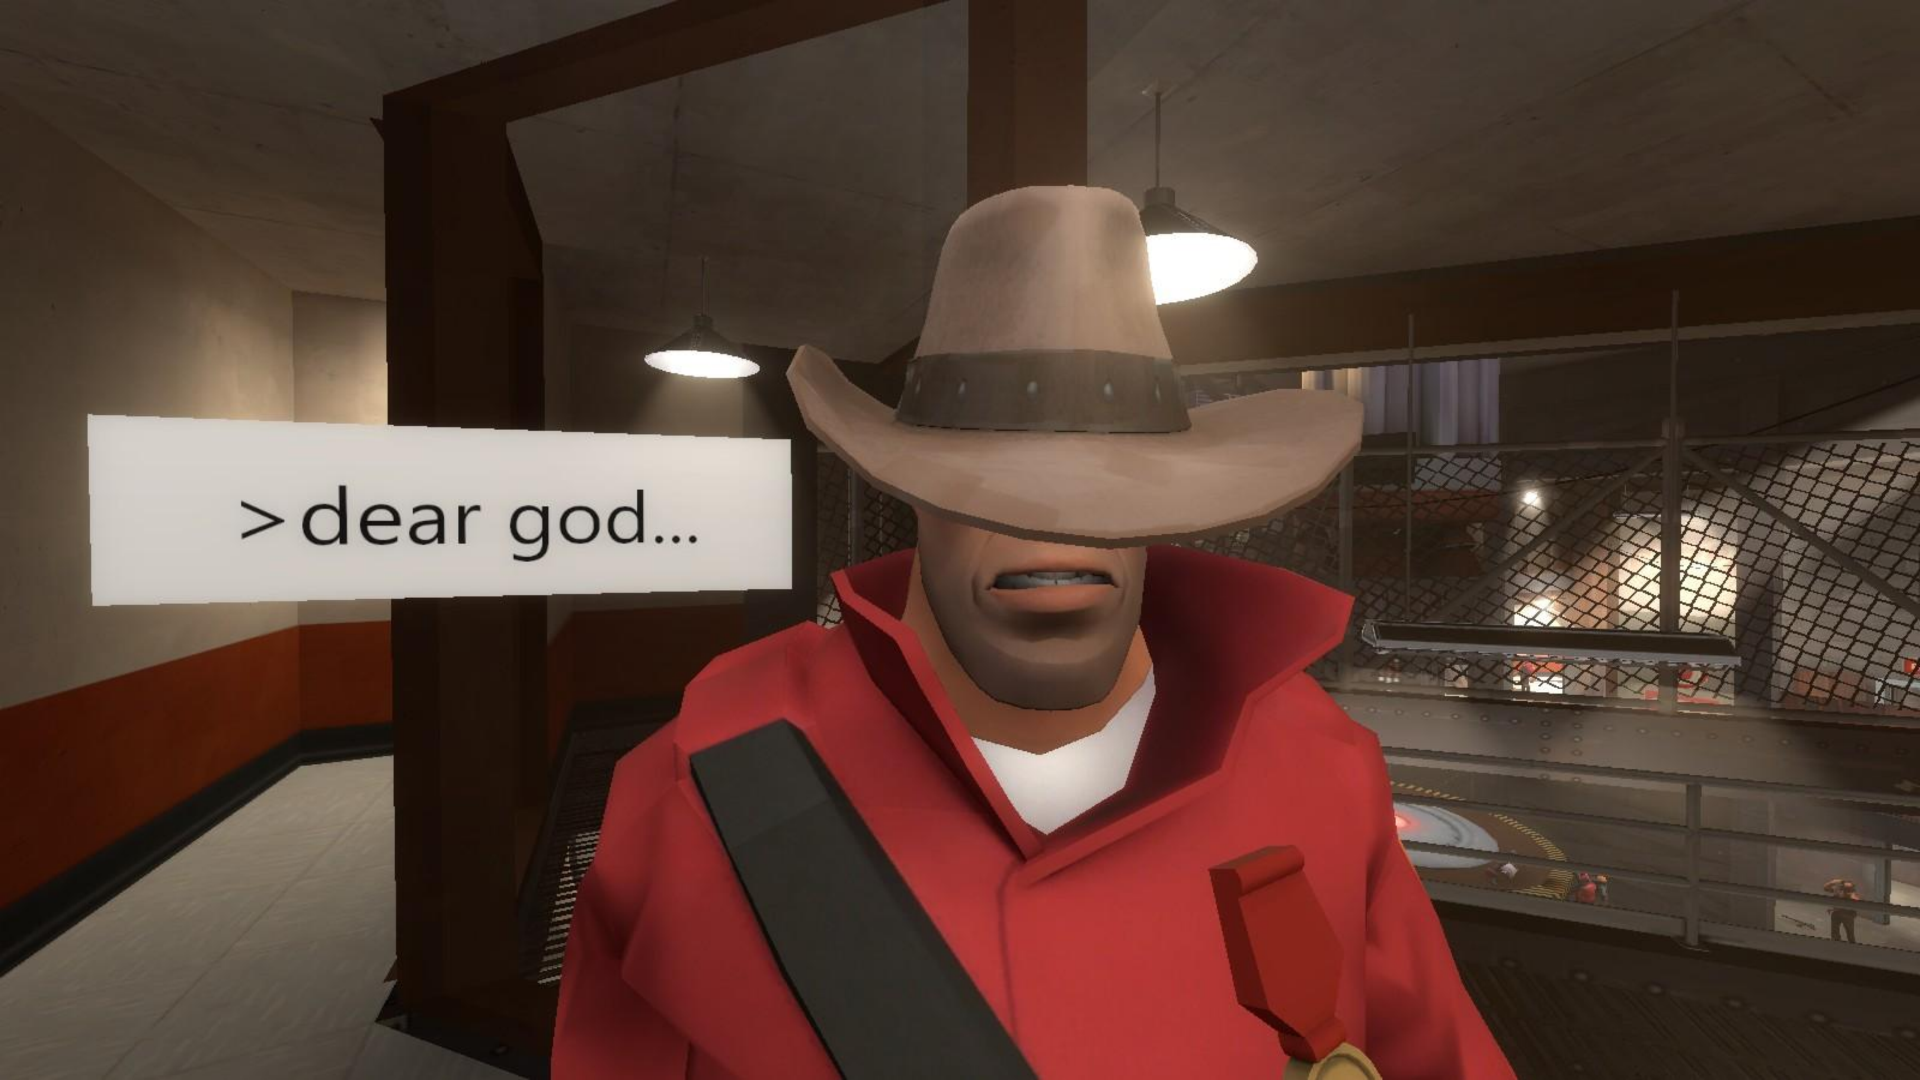
>the bastard of a spy left his PDA
>its gotta have something on it



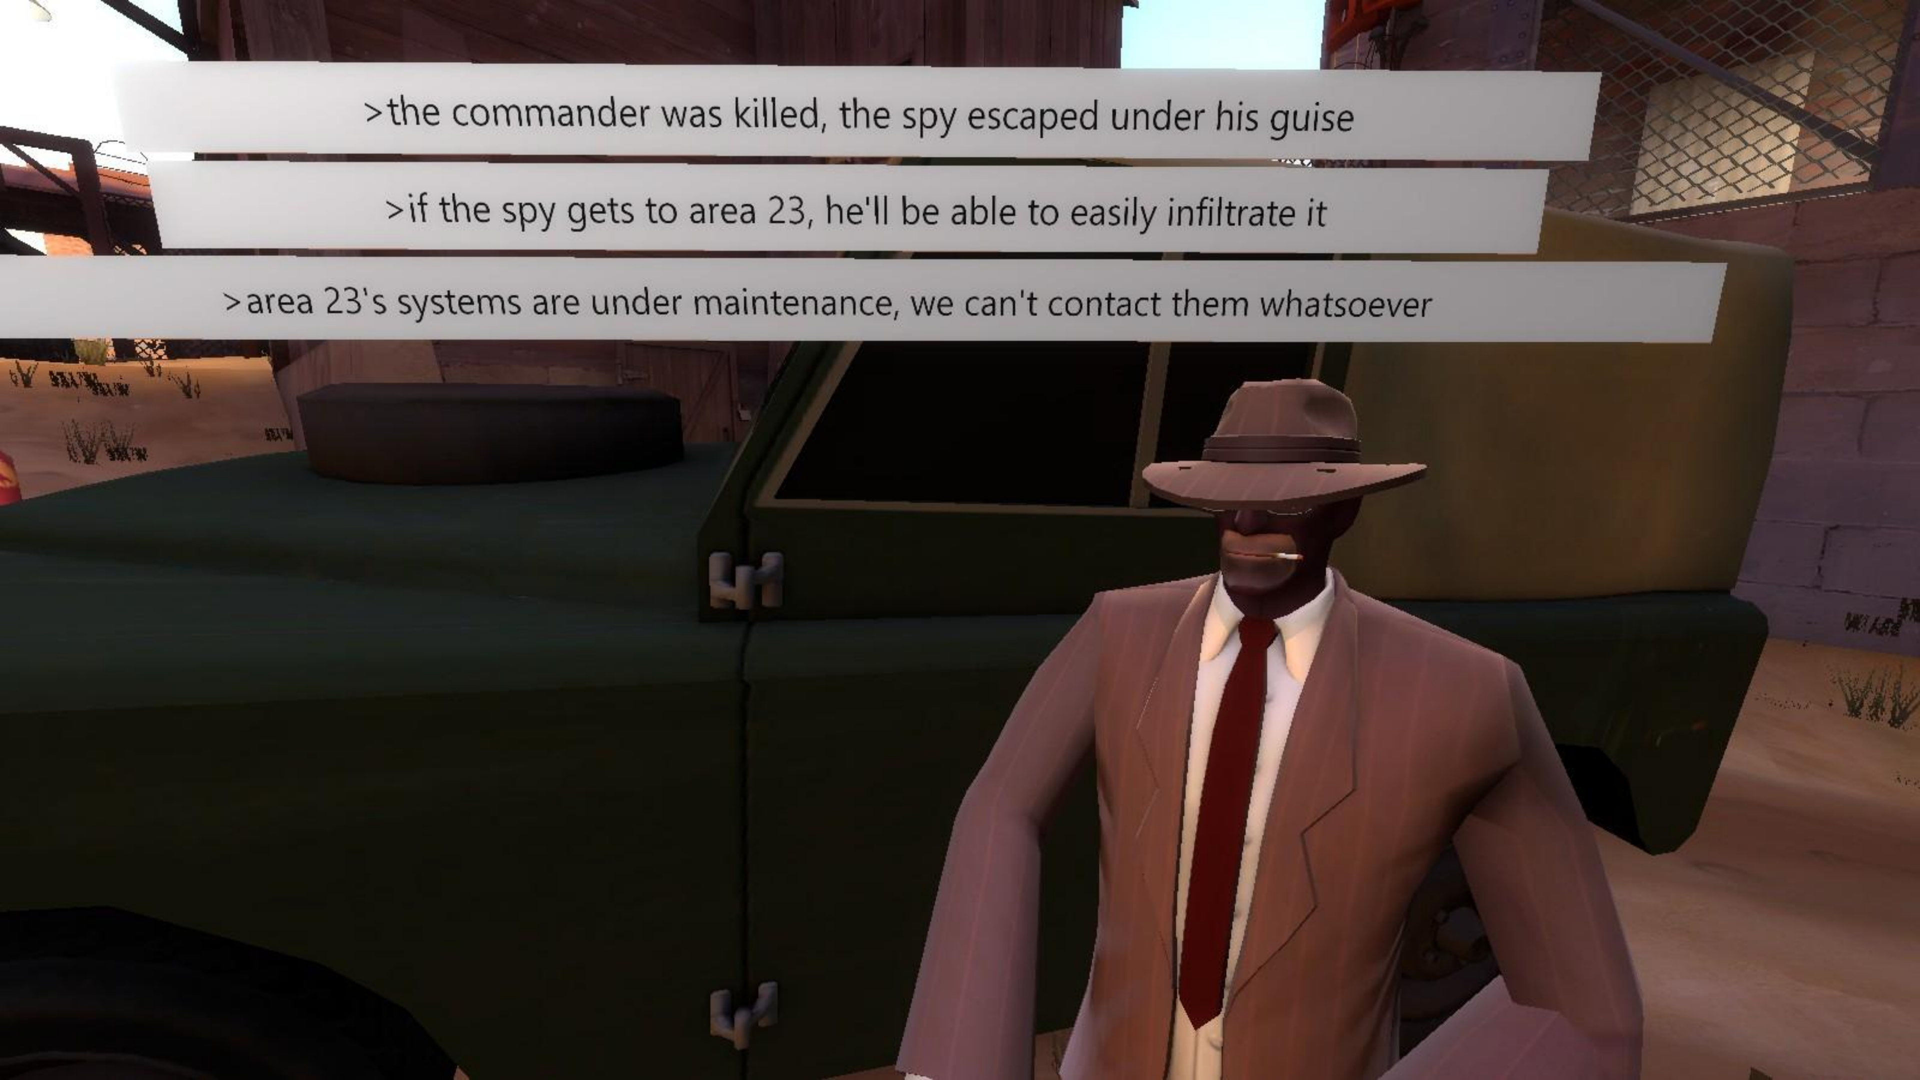
>thats what i found before he attacked me
>when i entered the room, i found it on the desk
>i thought that was weird, so i scanned it
>and right as i called you, he attacked



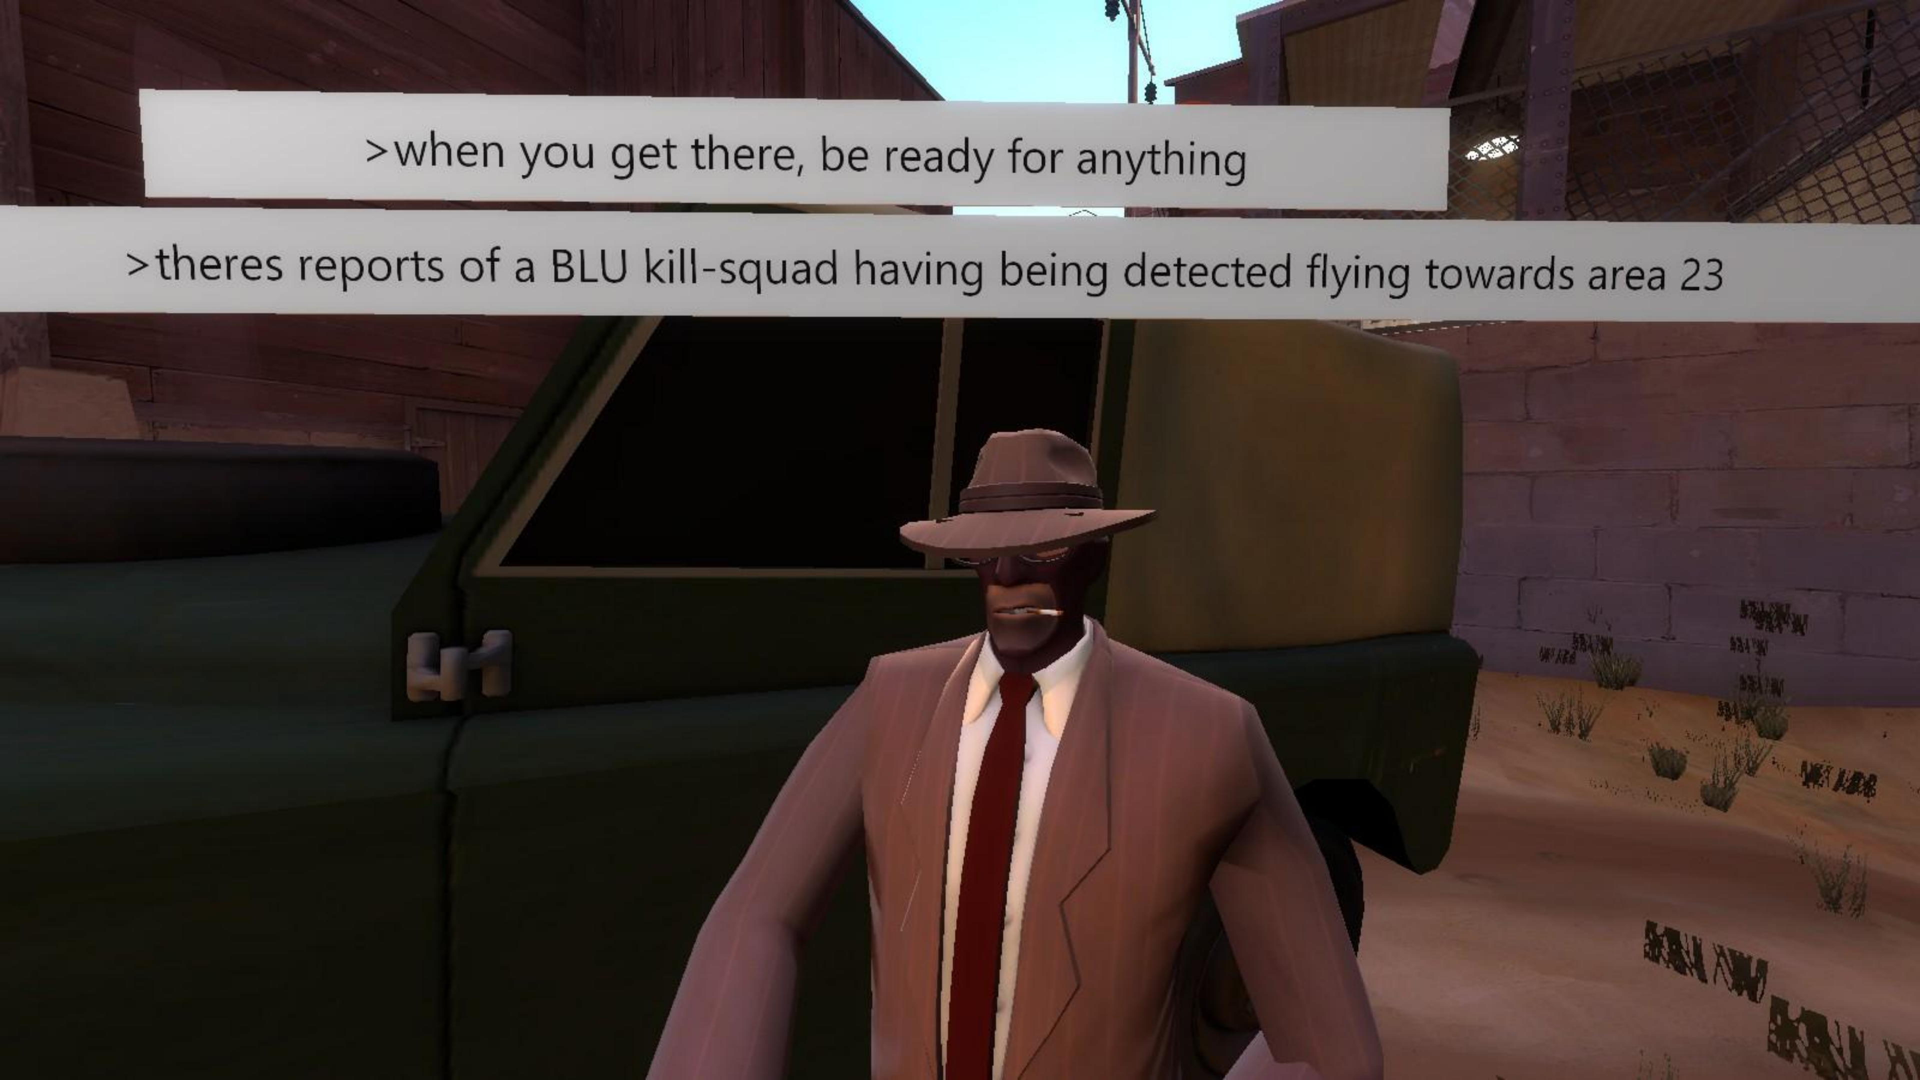
>hes going to area 23, hes gonna set off a missile!
>you need to get the immediately!



>dear god...

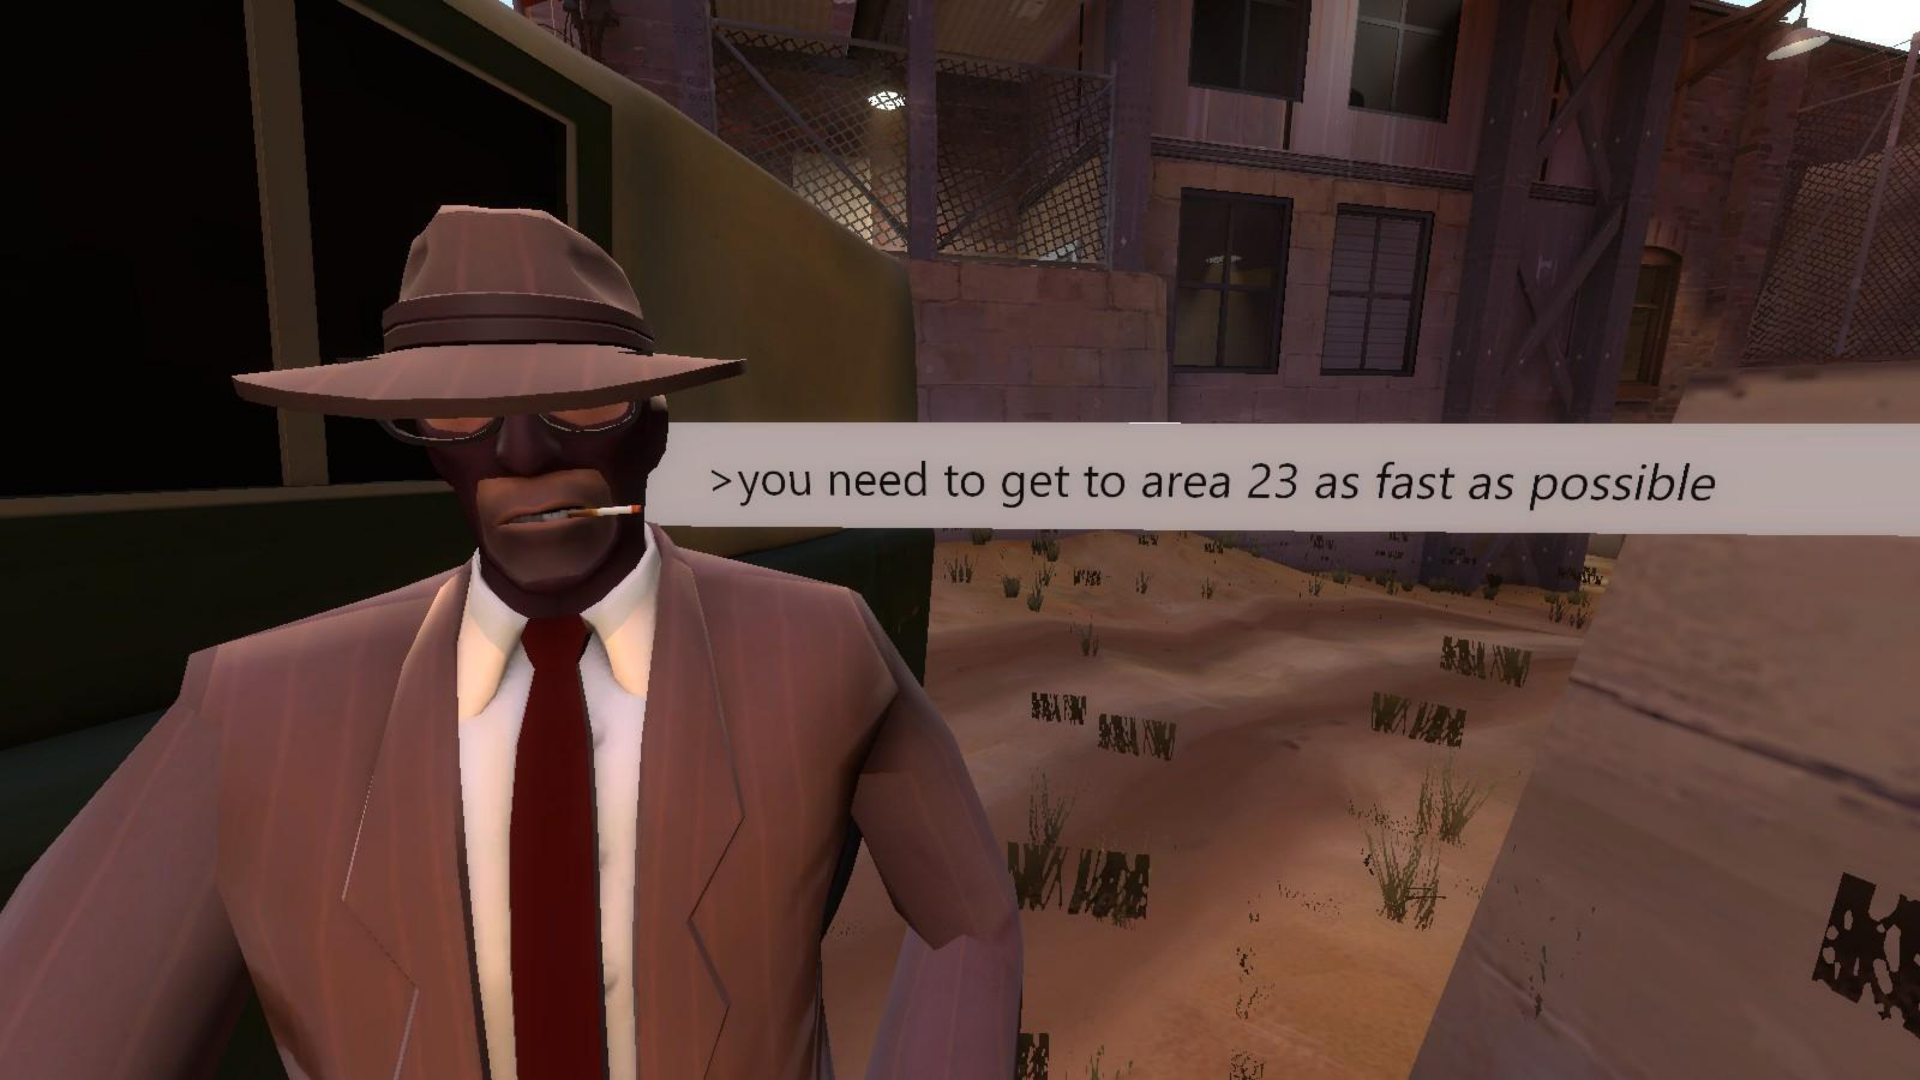


>the commander was killed, the spy escaped under his guise
>if the spy gets to area 23, he'll be able to easily infiltrate it
>area 23's systems are under maintenance, we can't contact them whatsoever



>when you get there, be ready for anything
>theres reports of a BLU kill-squad having being detected flying towards area 23

>take this auto-hacker with you incase he has breached the system
>shut down the primary missile launcher or else it can still fire



>you need to get to area 23 as fast as possible

The Silo

Part 5

>we're half way there, any updates?

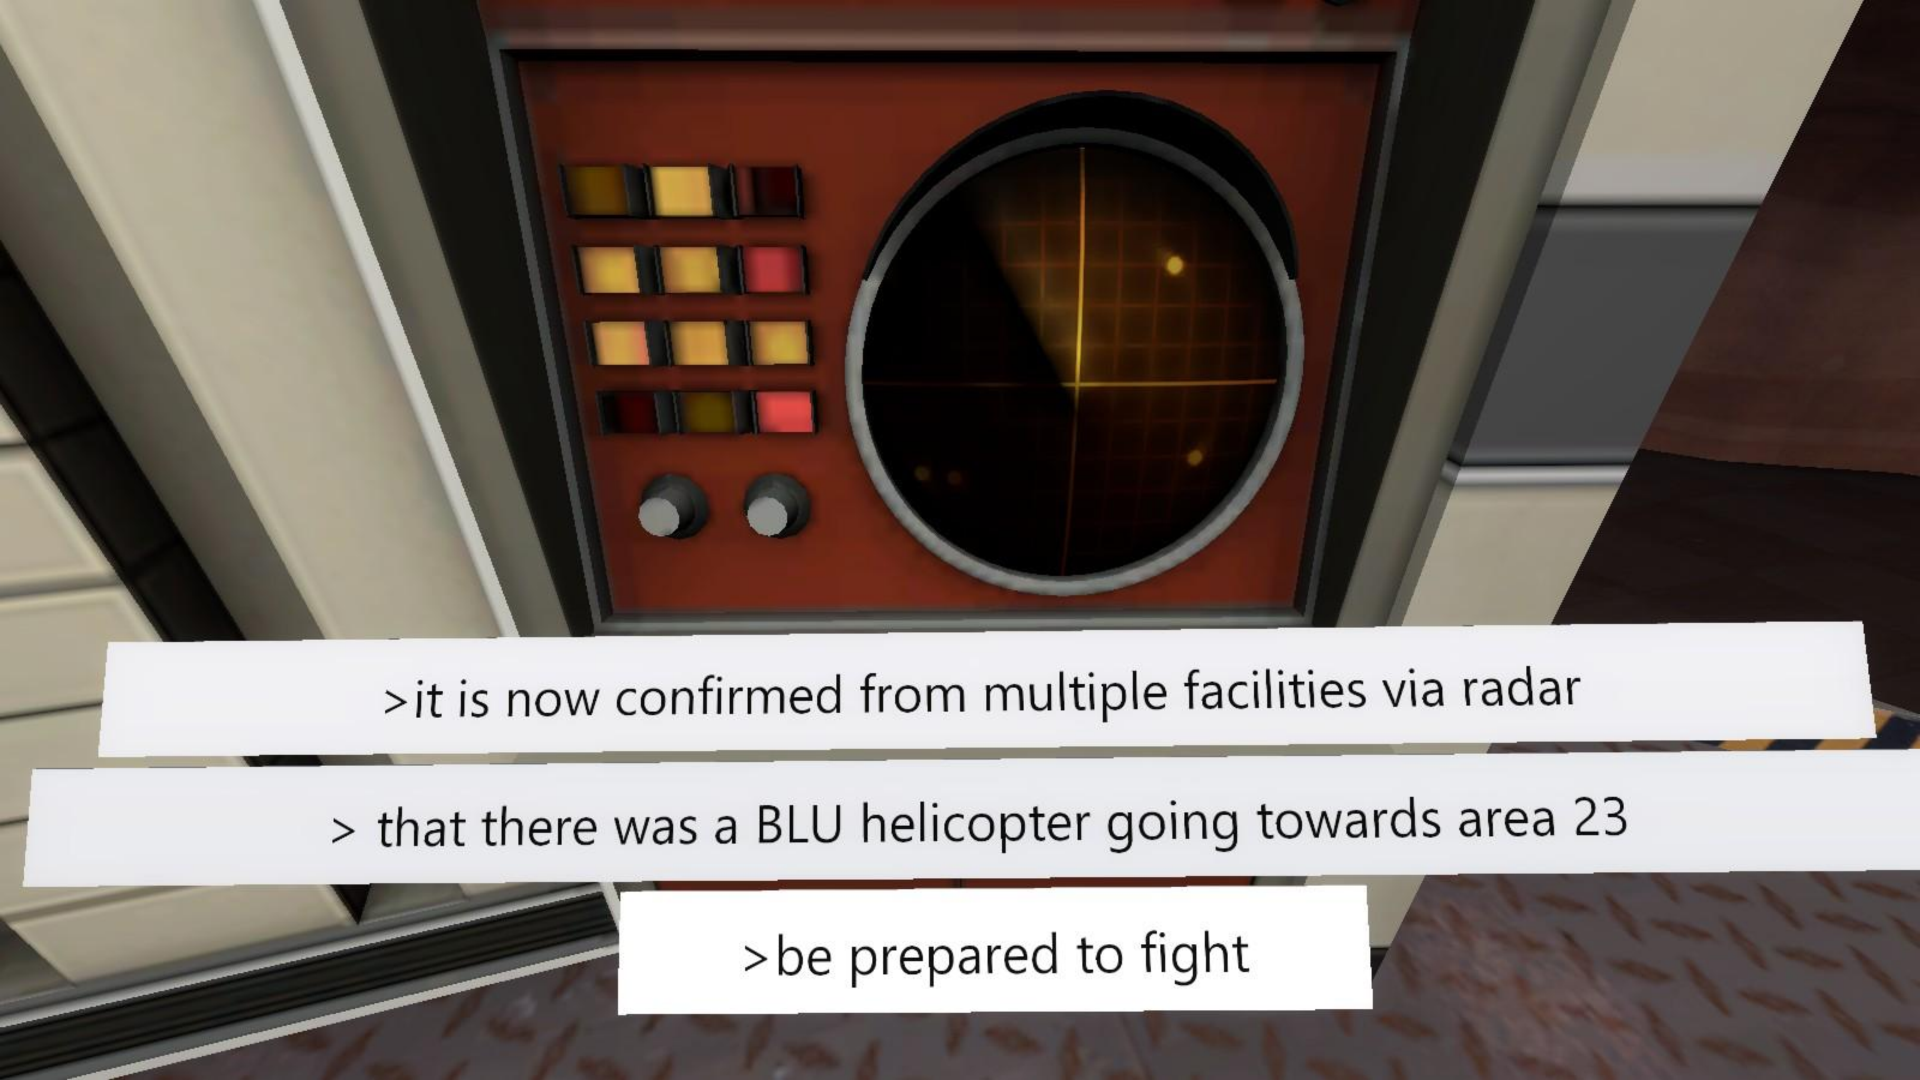
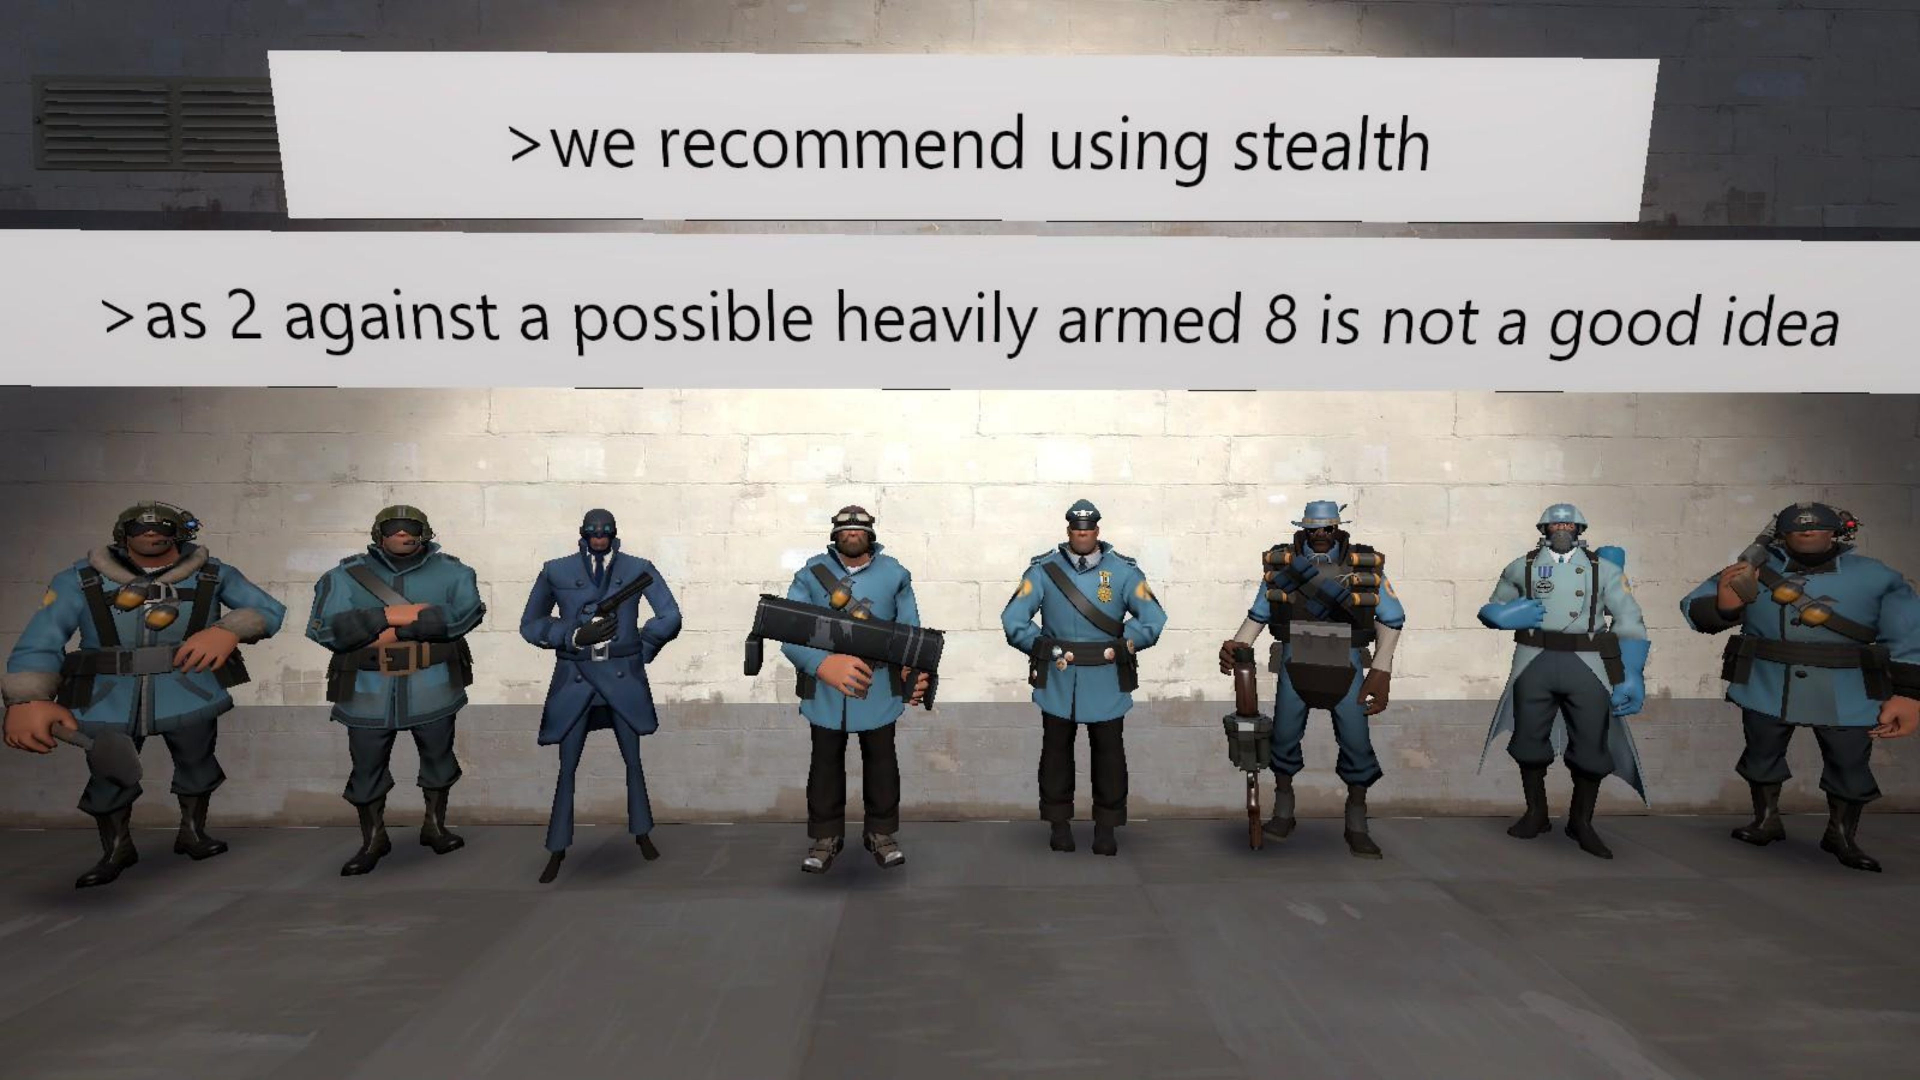
>and the kill squad?



>it is now confirmed from multiple facilities via radar
> that there was a BLU helicopter going towards area 23
>be prepared to fight



>we recommend using stealth
>as 2 against a possible heavily armed 8 is not a good idea

>you are now to go radio silent to not alert the enemy, good luck

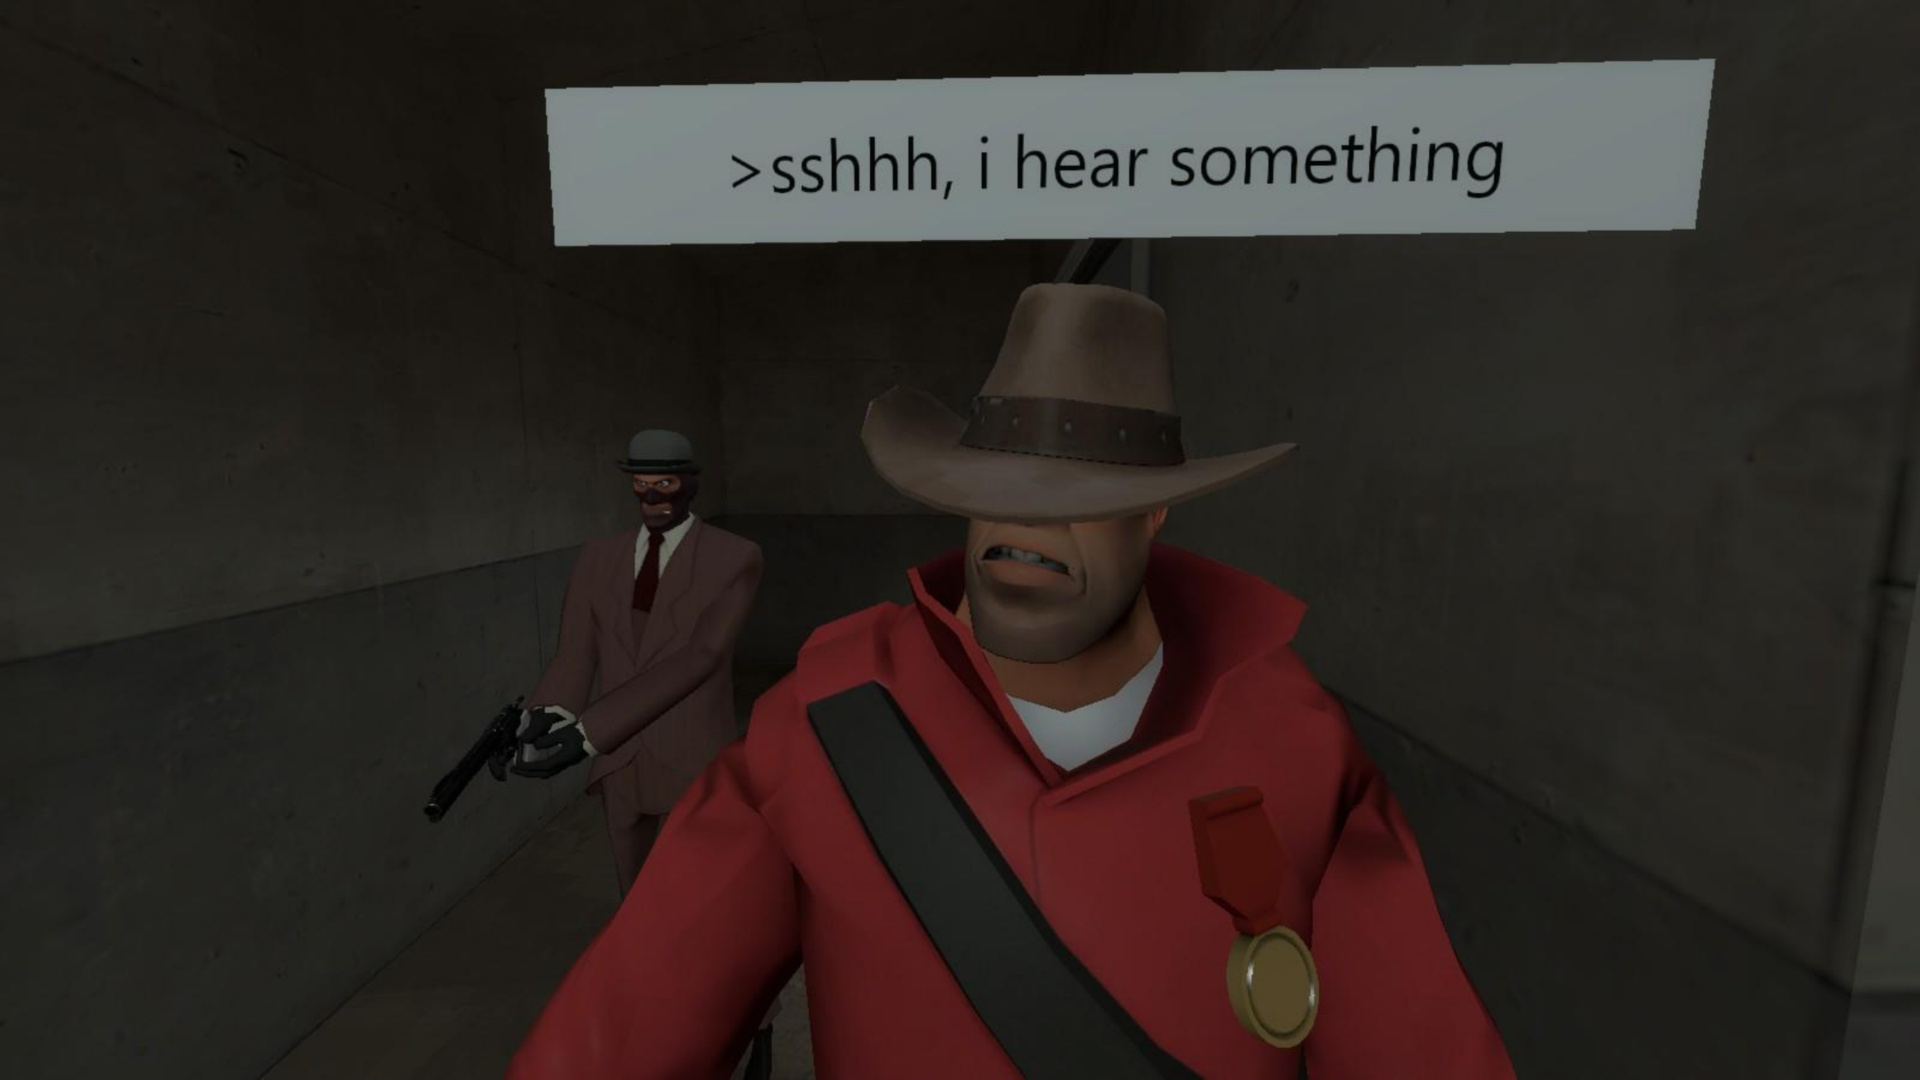
>not even an lick of security, its just wide open
XYJ
952 C

>well ain't this just dandy...

>theres nothing here...

>lets go deeper
RESUPPLY

>automated sentries aren't on

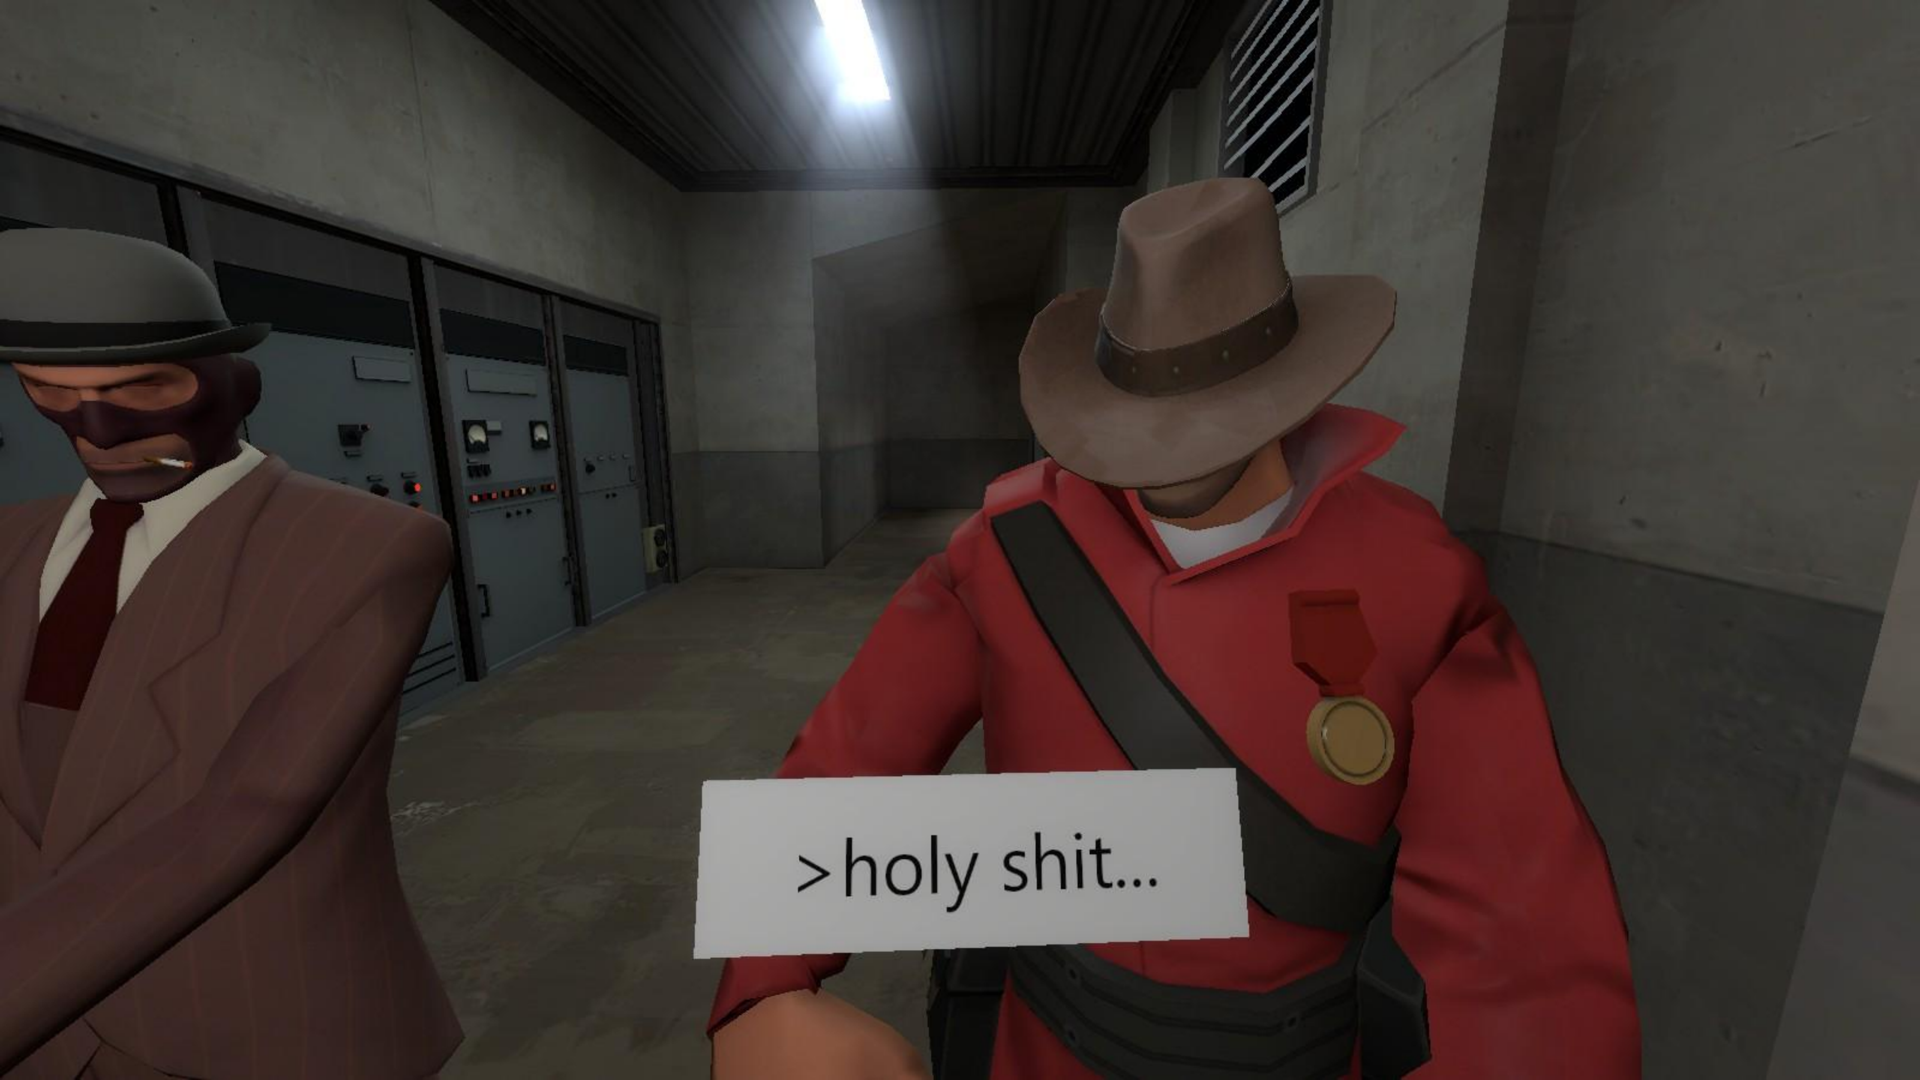


>sshhh, i hear something

>this one was a real "hero", *huh?*

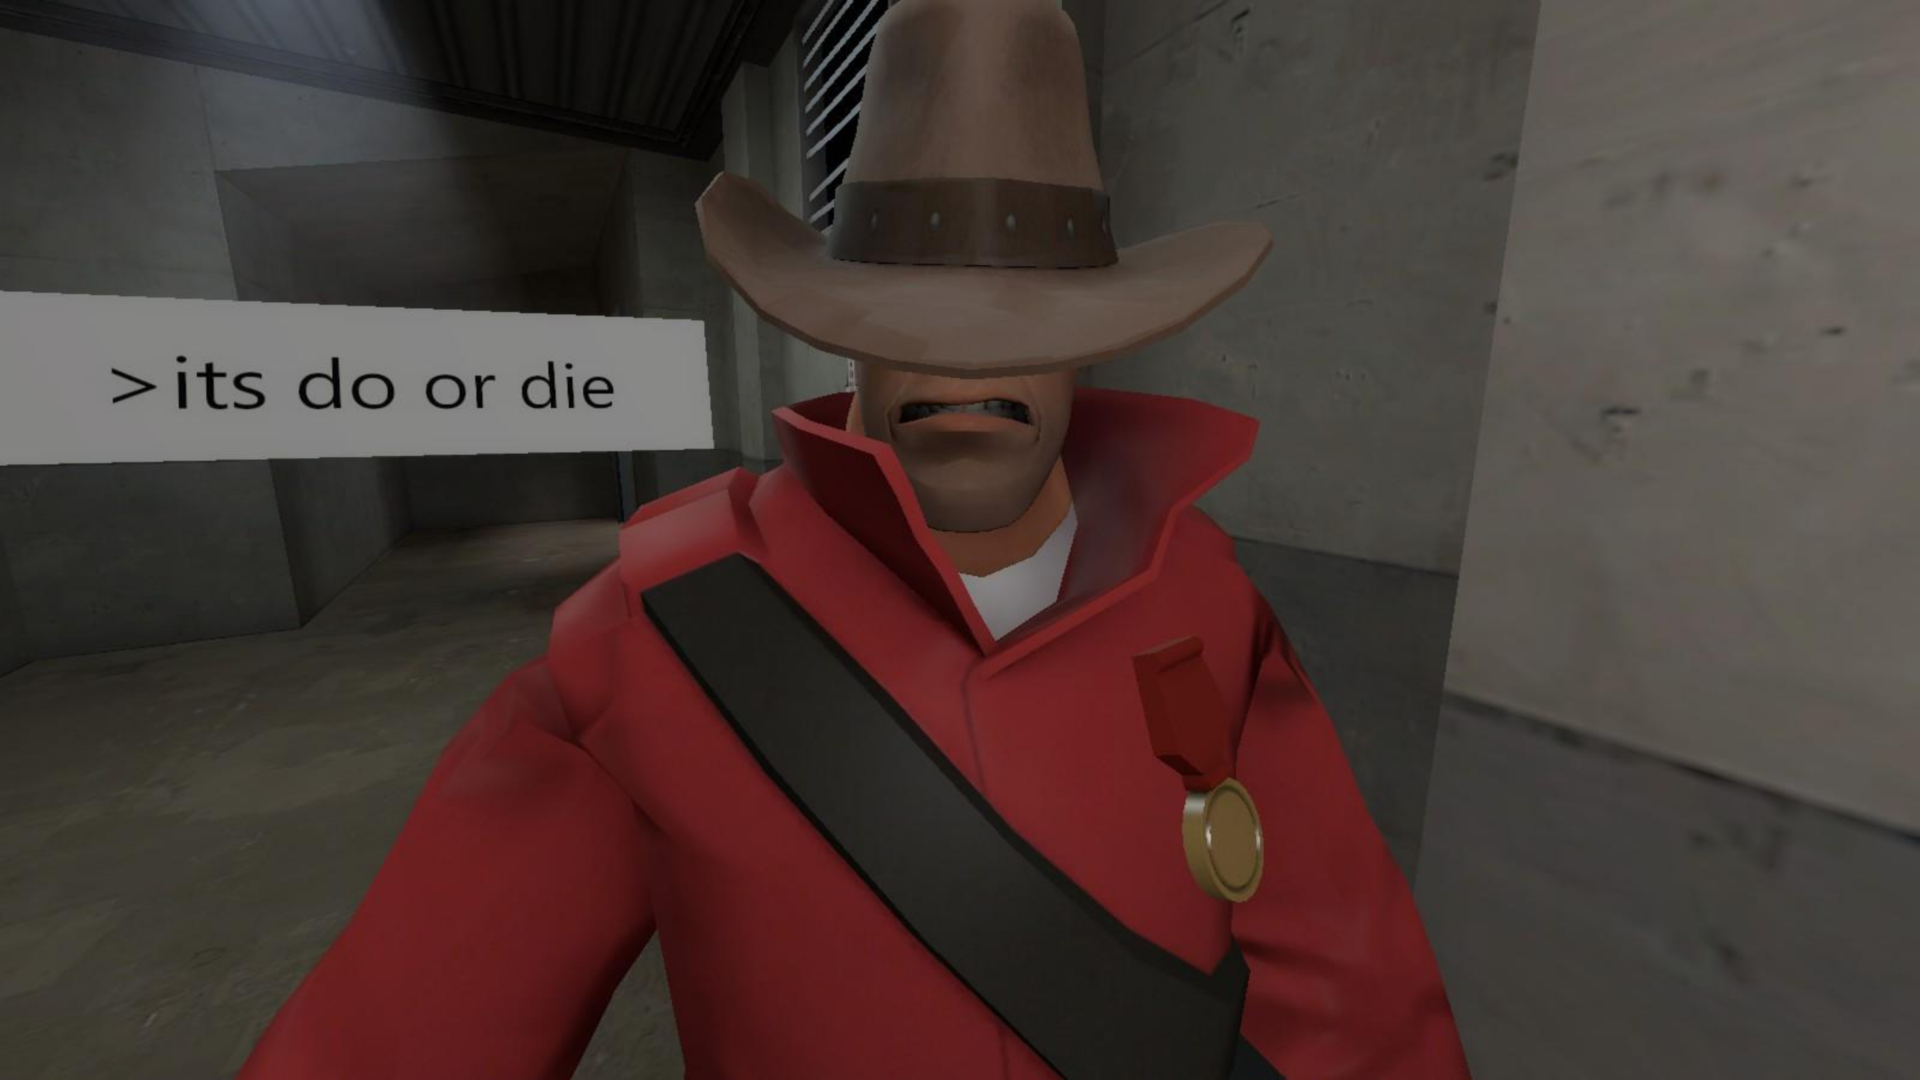
>stop fucking with the body
>we don't know how long we have

>the hell is that damn spy even doing?



>holy shit...

>think we can take them?



>its do or die

>jahaha, that reminds me of when-
